ABOUT UNIVERSITY

The University of Mumbai (known earlier as University of Bombay) is one of the oldest and premier Universities in India. It was established in 1857 consequent upon "Wood's Education Dispatch", and it is one amongst the first three Universities in India.

As a sequel to the change in the name of the city from Bombay to Mumbai, the name of the University has been changed from "University of Bombay " to "University of Mumbai " ,vide notification issued by the Government of Maharashtra and published in the Government Gazette dated 4th September, 1996.

The profile of this University carved out in 150 years of its functioning attests to its manifold achievements as the intellectual and moral powerhouse of the society. The University has always given its best to the country in general and to the city of Mumbai in particular by enthusiastically shouldering an ever-growing load of social values and opportunities. Initially, the University concentrated its efforts on controlling teaching at the undergraduate level and in conducting examinations. Later on it took up research and the task of imparting instructions at the Post-Graduate level. This resulted in the establishment of the University Departments beginning with the School of Sociology and Civics & Politics. The independence of the country led to the re-organization of the functions and powers of the University with the passing of the Bombay University Act of 1953.

It is now granted a Five Star status by the National Assessment and Accreditation Council (NAAC). It has two campuses of area 230 acres and 13 acres, with 1.25 million square feet of built-up area, 22 thousand sq. feet of class-rooms and 84 thousand sq feet of laboratory space. It has two post-graduate centers, 354 affiliated colleges and 36 Departments. It has established its name in industrial collaborations and runs various professional courses.

At national level, it has excelled in sports, cultural and out-reach activities. In the last five years it has seen 104% increase in undergraduate students, 112% increase in post-graduate students and 147% increase in distance - education students. There is 156% increase in the number of research papers published in International journals. 12 Department/sections are recognized under various national programmes, such as SAP/CAS/DRS/DSA/COSIST/FIST. More than 80 teachers are on various professional bodies. 18 National/International awards are won by teachers in the last five years. Every year about 20 teachers visit abroad for academic activities. Recently more than 10 self-supporting courses have been started by the University.

ABOUT DEPARTMENT

The Department of Statistics, University of Mumbai was established in the year 1948. It was the first Department in the western region, for postgraduate studies and research in Statistics. The Department has completed 68 years of existence. It offers postgraduate courses leading to the Master of Arts and Science (M.A./M.Sc.) degree, by papers, awarded by the University of Mumbai. In addition to the master's programme, M.Phil. and Ph.D. degree programmes are also undertaken by the department. Experienced faculty of the Department is devoted to research in their respective areas of specialization. Research and teaching are given equal importance by the faculty. Extra care is taken to pay individual attention to the student in their laboratory work and tutorial sessions. Project work and problem sessions are encouraged to develop innovative and analytical approach to statistics learning. The Department has a long cherished history of having produced eminent academicians and successful statisticians. Also, from the last fifteen years almost all our students have been placed in multinational companies. It is the only center of the University of Mumbai for conducting M.Sc., M.Phil. and Ph.D. programmes. The department has been successfully running two Post Graduate Diploma in Applied Statistics with software (PGDASS) and Post Graduate Diploma in Actuarial Science(PGDAS) from June 2006.
