"The Department of Biotechnology, University of Mumbai has imparted you knowledge and skills during the tenure (2017-19) of the MSc Biotechnology Programme. The degree is the culmination of your hard work and efforts.

We congratulate you for the same and wish that you have a successful career and build on your professional strengths over the years. The University requests you to be proactive as alumni and help us consolidate the alumni networks".

About the ceremony

The department of biotechnology hosted its degree distribution ceremony for the batches 2016-2018 on the 29th of February 2020.

The theme of this convocation was:

‘for the students, of the Students and by the students’

Eagerly awaiting the certificates!!!!

“of the students, by the students and for the students”

The degree certificates were handed over to the students by none other than the alumni of our department.

The green initiative

As a green initiative the students receiving the convocation as well as our alumni planted over 20 saplings (local plants and trees like neem) in the premises of the university, with a hand from the present batches that they would take care of these saplings watering them so that they bloom and blossom.

Mangesh kaka- always ready to help....

Greening the campus: time to give back alumni join hands with our present masters students in planting saplings

alumni Dr Sneha Sawant Desai
(2019)

Networking- Alumni and current batches

- The ceremony was attended by over 70 students which included Alumni from 2008 to 2018.
- It was one of its kind attempt to connect the present students to the alumni and a pre-sequel to the alumni meet that the department plans to organize in the near future.

- *The students receiving their degree were thankful undoubtedly to the teachers but in particular to our non-teaching staff Shree Mangesh Kargutkar and the office staff Ms Pallavi and Ms Vishapta who have helped them through their journey.*
- *The department wishes its students the very best and is always there to assist them as and when they need.*
