Dear Prof Shukla,
Sorry for the delay in the mail.

I have the following suggestions to make for the recommendations :

1. Offering cross disciplinary courses : Those Departments offering courses in the CBCS system under elective or audit courses allow students to take a course from another faculty or subjects for their PG course.

Create different models and make a provision by passing it in the Academic council.
(To begin with we can prepare a model which some Departments can follow for One academic year on an experimental basis).

2. Strengthen the Alumni involvement by creating a database of alumni who are willing to play different roles for the University (Student/ Faculty mentorship, Research, Community Engagement etc...).

3. Having a well structured student induction program at the time of admissions for students in coordination with the UHV cell.

For Sub Committees these are areas of interest:

Any of the following committees (I have removed Green campus quality initiatives) would be of interest to me based on the need.

I would contribute wherever I am placed.

- API
- AQAR
- University-Industry-Society Interaction committee
- Stakeholder feedback
- Quality Benchmark Committee
- Research Quality initiatives
- Recommendation of Journals to UGC- CARE

Regards!
Sybil Thomas
