CHAPTER 8 : UNIVERSITY STATISTICS

1. HOMAGE 222

INTRODUCTION

The University of Mumbai has left the indelible impressions in the long academic period of 157 years from 1857 to 2014. The contemporary world witnesses rapid changes in the higher education. Many innovative concepts and business oriented vocational courses are being designed by the experts. In order to face new challenges in the field of education, many a department of University of Mumbai along with Garware Institute of Career Education and Development, Department of Lifelong Learning and Extension, Academic Staff College, Lok kala Academy under the banner of Shahir Amarsheikh Adhyasan, The Academy of Theatre Arts/Dramatic Arts, and National Centre for Nanosciences and Nanotechnology has taken up new education and research projects befitting to the autonomous institutions and departments. Institute of Distance and Open Learning (IDOL) has been catering education through ODL mode to about 80 thousand students who could, otherwise, have been deprived of education by 'time' and 'space'. In this way, the University of Mumbai has been creating its own identity in terms of teaching, learning and research in fundamental and advanced disciplines of knowledge alongwith sports and extension activities. University has been conscious of instilling highest social values in the students not only from India but also from other countries as responsible citizens. So far, the University is being recognised for its mission of creation and distribution of knowledge and its progressive outlook. I'm sure, you would realise the manifestation of the progress of the university in this annual report.

Vice-Chancellor
University of Mumbai

EDITORIAL

The University of Mumbai, erstwhile the Bombay University, one of the premier universities of India, is a brand name of its own for creating knowledge and disseminating education in the streams of Arts, Humanities and Social Sciences, Science and Technology, Commerce and Management— from both the departments of University and the colleges affiliated to it. The jurisdiction of the university spans rural, semi-urban, urban and metropolitan areas of six districts. About 770 colleges, 65 departments and 8 lakh students including nearly 80 thousand distance learners are enrolled in every academic year that attracts the attentions of the educationists and policy makers in India. All the Departments, Chairs, Institutions, Community Colleges and Model Colleges make the University of Mumbai stand out from the other higher education institutions of its ilk.

It, then, gives the Board of Editors immense pleasure to write an editorial for the Annual Report of the University for the academic year 2013-14. Higher education has been taking a long stride in the contemporary world. University of Mumbai has, by all means, made great progress; it does leave the unprecedented marks of achievements in respect of curricular, extracurricular, sports and extension activities. The University of Mumbai has always succeeded in reaching new milestones thanks to the visions and valuable guidance of Hon'ble Vice-Chancellor, Pro Vice- Chancellor, Director, Board of College and University Development, Registrar, and many other authorities and officials. Undoubtedly, it shall continue its identity of academic and knowledge-centric culture that shape the leadership qualities and make the leaders of various sectors.

College of Officers related to University Grants Commission

Director: Dr. K. Shanti

Our institution has been working since 1987. In this long journey we have achieved good reputation have reached many stages & have faced various challenges. NAC gave 7th rank to our College from 66 AAC. They have also praised us as performer. We have got first rank in Gujarat, Maharashtra and Goa. So far we have implemented 112 enlightenment programmes, 257 revision programmes and have conducted other short term programmes. About 15,000 teachers (ID), Information Technology (ID), have benefitted from the programmes.

During the Academic year 2013-14 four enlightenment classes, 12 revision classes and four short terms programmes, induction programmes for newly appointed teachers in the College were implemented. This has benefitted 782 teachers. Out of all subjects, revision classes of Marathi, Zoology, Education Science, Chemistry, Economics, Mathematics and Statistics, Human Rights

Our Objectives:

Environmental Study (ID) and Sociology (ID) were conducted. Similarly, short term programmes, Research Methodology and Academic Writing, Soft Skills Development, hand on Training for Teachers of Biological Science and Contemporary Strategies for teaching and evaluation were conducted. The Courses were organized as per demand. The courses got positive response.

The experts from various Institutions, University Department, College reputed organization Laboratories, Government Organization, Industrial Houses like TIFR, TISS, BARC, BSE, IIT, ICT etc. guide the students. As a result of this novelty, the programmes of AAC become attractive and worth praising. We started online feedback system on merit of experts. This has resulted in transparency and efficiency in the evaluation. It can be said that because of this paperless feedback, this is our small contribution to 'going green'. Our objective is that the teachers should create on Idol young and interested students which can motivate them and which they can imitate which shall result in creating progressive secular society based on equality.

Our Target:

Institute shall strive maximum to achieve top most summit of Educational merit by way of various programmes. Our organization shall be always committed about protection of values of teaching and their growth. With the help of our various programmes, we shall create such skills by which they shall have capacity to face increasingly difficult situations. They will be proud of glorious Educational profession. Naturally, the youth shall look towards them as their Idols.
