Department of Life Long Learning and Extension

The Department of Lifelong Learning and Extension (DLLE) was established on October 12, 1978 and has been recognized as a Statutory Department and one of the authority of the University of Mumbai since 1994 to promote a meaningful and sustained rapport between the Universities and the community. It is functioning under the Board for Lifelong Learning and Extension to create skilled and learned human power through its various degree level programmes and skills development programmes. The Board of Lifelong Learning and Extension has the duty to create synergy at policy and operative level between various teaching, research and development institutions and various regional and national bodies and governmental agencies in the domain of lifelong learning, value education and life skills for senior citizens apart from other duties given under the Act.

Extension Education, the third dimension of the University system, is a two-way process which visualized mutual sharing of resources between the Community and the University for the Development of both the common man and the students. This dimension also aims at sensitizing the students to the socio-cultural realities. It is visualized that the contact between the University and community would lead to the introduction of changes in the curriculum making it more relevant to daily life situations.

The DLLE with the diverse academic and technical resources supports the communities based extension work activities in collaboration with its specific mandate to work for the less privileged sections of the society and our efforts are to extend educational programs that will enhance and improve the quality of life of such groups with the central objective of **“reach to unreached”**. At present our DLLE extension activities are being conducted on regular basis in annual program of 257 colleges with 750 degree college Extension Work teachers and 24,896 Extension Work Students **from Mumbai, Thane, Palghar, Raigad, Ratnagiri and Sindhudurg districts** involved in Six Extension Work Projects based on Skill Development, Industry Orientation, Career Guidance, Information Technology, Entrepreneurship Development, Status of Women in Society, Environmental Protection, Population Education & National Institute of Schooling.

As per the schedules of the Department, the Extension and Field Outreach activities undertaken through the Post Graduate Departments, Affiliated Colleges, and its Teachers and Students forms a major part in promoting a meaningful and sustained rapport between Universities and the community by introducing Adult Education (Lifelong Learning), Extension and Field Outreach activities which have been considered for academic credit. The students of Degree colleges from the faculty of Arts, Commerce, Science, Pharmacy, Law, Engineering, Education and Management are awarded **Ten Additional Marks at the final exam on completion of 120 hours of work on the Extension Work Project** undertaken and submission of the Project Report **under University Ordinance 229.A** in an academic year.

Aim:-

The Third Dimension of Extension is aimed at promoting a meaningful and sustained rapport between the Universities and the Community i.e., to have educational programs for a Social Change.

Objectives:-

The objectives of Lifelong Learning and Extension are outlined below for making education relevant to real life situations:

- To act as a focal agency in the University system for all Lifelong Learning programmes and to provide academic and technical resource support for community based activities in collaboration with Universities departments and colleges.
- To serve as an intellectual intervention in the community's living problems which need to be overcome through an educational process.
- To develop among students a sense of responsibility towards society.
- To design programs that will help students to face life and its challenges and thus create an ambience for a learning society.
- To deepen the teachers' and students' knowledge through a wider exposure to real life situations through a variety of programs.
- To prepare students for a greater social commitment.
- To enhance student employability skills
- To cater to the needs of the unreached for promoting knowledge based society.
- To network with Governmental and Non-governmental agencies, international organizations as well as industries and Senior Citizen Program (please refer 2016 Act)
