INTRODUCTION

The academic year 2021-22 started during the same time when the crisis of the Covid-19 pandemic was still looming large. All the sections of the university continued their daily work by taking proper care of the safety measures as per the instructions given by the University Grants Commission and the Government of Maharashtra. I am very happy and satisfied with the fact that everyone took proper care to ensure that there is no educational loss of any of the students.

A proficient person can visualize the possibility of the human welfare even though there are numerous difficulties around. This has been proved by my colleagues as Mumbai University is awarded 'A++' Grade by NAAC with 3.65 CGPA. Due to the immense cooperation of the Senate, Management Council, Academic Council, Deans of various faculties, various directors, heads of departments, all teachers, non-teaching staff, associations of teaching and non-teaching staff, students, parents, and security guards, Mumbai University could achieve a distinction of getting A++ grade with highest CGPA of 3.65 which no any other University in Maharashtra could achieve. As the Vice-Chancellor of Mumbai University, I congratulate one and all for this achievement.

Mumbai University has taken several steps to implement the New Educational Policy 2020. One of those important steps is the implementation of 'School System' which will bring various subjects under one roof. It will enable the students to get an opportunity to know about and learn different subjects at one place. Following this system, the Academic Council has approved to establish various schools such as School of Indian Languages, School of English and Foreign Languages, School of Social Sciences and School of Performing Arts.

Sahityaratna Annabhau Sathe has played an unparalleled role in Indian freedom struggle and the Sanyukta Maharashtra Movement. In honor of his work and to find out whether some positive solutions can be explored by studying various problems in the society, the University of Mumbai established Sahityaratna Annabhau Sathe Study Centre that conducted few programs. It is a matter of satisfaction that the Centre has released the English translation of the novel 'Fakira' translated by Prof. Baliram Gaikwad, former in-charge Registrar of the University and Director of the Centre.

Mumbai University has always been positive towards its social responsibilities. During this monsoon, there was heavy rainfall in Mahad and Chiplun area leading to huge loss of life. In such a situation, Mumbai University played an important role by starting a Community Kitchen in collaboration with a College at Mahad to distribute food to the needy people. On the same lines, Mumbai University and D.B.J. College Chiplun started another Community Kitchen in Chiplun. NSS Cell and the Students' Development Department of Mumbai University took the initiative in this regard. I am very proud of this activity.

On behalf of Prof. Bal Apte Student and Youth Movement Study Centre of Mumbai University, a two-day national conference was organized on 18-19 January 2022 on the 'Role and Contribution of Students and Youth in Nation Building during the Pre-independence and Post-independence Period. The conference was organized in a virtual mode that brought together academics from various centers across the country and highlighted the issues related to the students and youth movement. I am happy to report this here. The University of Mumbai has continued to move in the right direction despite adverse circumstances of the previous year. This year's annual report records many of those activities. I am very pleased to present this yearbook of such an enterprising Mumbai University.

I thank everyone, wish them well and welcome the human spirit that overcomes the adverse situations!

Prof. Suhas Pednekar
Vice- Chancellor
University of Mumbai

EDITORIAL

With the optimistic stance of ‘Let the coming Academic Year lead to the relief from the crisis’, the last year's minutes were presented to us. That optimism came to some fruition this academic year and during the second half of the academic year 2012-22, all the academic affairs of the University of Mumbai started getting back on track. The academic year 2012-22 was a very happy year for Mumbai University as it achieved NAAC's highest ‘A-++’ grade with a total of 3.65 CGPA. We are proud of the fact that Mumbai University has become the first university in Maharashtra to achieve such a prestigious rating.

While facing the crisis of Kovid-19 epidemic, during this academic year Mumbai University started various new academic activities as per the guidelines given time to time by Government of India, Government of Maharashtra and University Grants Commission. In accordance with the New Education Policy, some new activities like new courses, new study centers, etc. are successfully started and new options are made available to the students through them. Mumbai University and its various departments, educational institutes and affiliated colleges have made positive progress in various dimensions with regard to online teaching-learning process. An attempt is made to mention these developmental activities in this yearbook. The Editorial Board is delighted to present to you the Yearbook for the academic year 2021-22.

2	Hon'ble Chairman took the item of increasing the consolidated salaries of temporary non-teaching staff who are working in the Mumbai University. The Chairman of the Committee constituted for this purpose under the chairmanship of Advocate Neel Helekar made a detailed presentation in this connection. It is necessary to take a reasonable view of the points as to how much increase can be given in consolidated salary, how much financial burden the university shall have to bear due to this increase. Similarly whether provision has been made for this expenditure. At present about 1200 seasonal / temporary employees are working in the university. Many of them have filed cases in court and the cases of some employees are in progress in respect of some employees, cases are not in progress. Many of them employees attend their duties every day. Some are on daily wage basis. Similarly, there is big difference in their consolidated salary. Some employees draw consolidated salary below Rs.10,000/- P.M. who need more help. We can give them consolidated salary of Rs.11,000/- to Rs.15,000/-. We can give lesser salary increase instead of giving higher salary increase to those who are drawing more consolidated salary than them. The committee has taken reasonable view of all these and from the humanitarian point of view, the committee is suggesting at present that the employees who are drawing salary lesser than Rs.10,000/- i.e. those who are in grade of Rs.8,000/- to Rs.9,000/- should be given maximum increase i.e. 25% to 30% or they should be given consolidated salary of Rs.11,000/- to Rs.15,000/-. The employees whose consolidated salary is more should be given 5% salary increase. Similarly, the committee has found that many of these employees do not attend work. Their attendance is not recorded anywhere, but they are being paid salary. In order to stop all these things, the attendance of all employees should be recorded with the help of bio-metric system. This system should be made operational in all premises of the university and should be interconnected, so that the employee can record his presence from anywhere.

	Shri. Pradeep Sawant expressed an opinion that marking the attendance of all seasonal and temporary employees by bio-metric system should be started and the attendance should be linked with the salary. This should be done with immediate effect Shri. Ravikant Sangurde expressed his agreement to this. Prof. Mahadappa Gonda stated that it should be clarified whether the proposed increase shall be given with retrospective effect or with effect from the date of passing the resolution. After detailed discussions, it was resolved that this committee should submit their final report at the earliest, so that it can be submitted before the next meeting of management committee and decision can be taken in respect of this matter and can be implemented as early as possible. Hon'ble Vice Chancellor, Hon'ble Pro-Vice Chancellor, Should convene a meeting and furnish information about how much monetary provision is required to be made per month for this purpose.

Meeting of the Managing Council dated 8th February, 2022

Items considered with the permission of the chair	
3	The report of the committee constituted by Vice Chancellor in respect of consolidated wages of temporary employees working in the university regarding giving them interim increase in consolidated salary. The chairman of the committee Adv. Neel Helekar stated in this respect that the financial aspect of this matter has been taken in consideration of the time increasing consolidated salary of such employees. Attempt has been made to grant overall same percentage of increase to all temporary employees i.e. the employees whose consolidated wages are in the range of Rs.13,000/- per month to Rs.50,000/- should be given 3% increase in their monthly salary.

	The employees whose consolidated wages are in the range of Rs.10,000/- per month to Rs.12,999/- should be given 5% increase in their monthly salary. The employees whose consolidated wages less than Rs.9,999/- should be given 25% increase in their consolidated wages and they will be given those wages of Rs.11,000/- whichever is higher. Those employees who are working on daily wages of Rs.350/- per day should be given wages @ Rs.400/- per day. The temporary employees who have special merits of playing various instruments, / dancing / acting / teaching music should be given increase of Rs.2,000/- per month. This report was unanimously approved. It was also unanimously agreed that this increase in consolidated wages should be given with effect from 1st February, 2022.
4	The Vice Chancellor took into consideration in great contribution made to the music at world level by Late Swarsaradni Lata Mangeshkar and moved a proposal to start a research and study center named “Lata Mangeshkar Center of excellence in light music” in the music department of Mumbai University and to start a new Chair (Adhyasan) in the name of Hon’ble Late Bharatrantra Lata Mangeshkar for the student who gets a degree / post graduate degree. Sr. No.	Name of project	Number of students participated
1.	Industry Orientation Project (IOP)	2,563
2.	Annapurna Yojana Project (APY)	2,188
3.	Carrier Project (CP)	2,658
4.	Population Education Club (PEC)	2,546
5.	Survey of Women's Status (SWS)	6,421
6.	National Institute of Open Schooling (NIO)	581
7.	Student Manager (SM)	266
Total		17,223

This program was organized in 10 colleges during 8th March, 2022 to 10th March, 2022. Totally 5 competitions were organized. Which included posters, elocution, powada, (National song) creative writing, short film, video making. Almost 200 colleges participated in this competitions.

UGC Human Resource Development Centre

Professor-director:- Dr. K. Shanthi

UGC Human Resource Development Centre, (UGC HRDC), University of Mumbai is one of first few HRDCs established in the year 1987. UGC HRDC, University of Mumbai is popular in the country and well known for the quality of its training programmes. Since our HRDC is located in the heart of Mumbai, we get participants with widely varying backgrounds from all parts of the country and their coming together in our programs provide a unique opportunity for the exchange of ideas that result in their all-round development. We are also able to draw our resource persons from renowned institutions like TIFR, TISS, BARC, BSE, IIT and ICT and from other industries, government bodies, cultural centres, in addition to the faculty from the University departments and colleges. These unique features make our programmes attractive and widely appreciated by our teacher participants. We have so far conducted 143 OP/FIP and 382 Refresher Courses, Short Term and other courses benefiting around 22,187 stake holders of higher education.

UGC HRDC, University of Mumbai has been ranked 7th by NAAC amongst 66 HRDCs in the country and also rated as Performer. We are also ranked first amongst the HRDCs of the Western region i.e. Goa, Gujarat and Maharashtra. This was also recognized by the Government as we are the only HRDC in Maharashtra to receive grants from RashtriyaUcchatarShikshaAbhiyan (RUSA) for training and for training infrastructure. Using RUSA grants we have so far conducted 84 programmes and created excellent infrastructural facilities like new smart class rooms, computer lab with 100 computers, seminar hall, library with books and e-resources in the new centre. We have recently entered into an MOU with Maharashtra State Faculty Development Academy for conducting Faculty Development Programmes for teachers of Higher Education.

The main objectives of our HRDC are to enable the teachers:

- To understand the significance of education in general and higher education in particular in Indian and global contexts.
- To acquire and improve basic skills of teaching and also the use of ICT in teaching learning process.
- To be aware of the latest developments in their specific subject.

- To understand the link between education and economic, social and cultural development of the country.
- To develop skills for online teaching and reach out to students across the world overcoming the constraints of geography and time.
- To develop one's personality and creativity and become inspirational role models for the students.

In the year 2021-2022, UGC HRDC, University of Mumbai has conducted 25 online training programmes (Orientation Programme /Faculty Induction Programme, Refresher Courses and Short Term Courses / Other courses) benefiting 861 teachers and other stakeholders of higher education, sponsored both by UGC and RUSA.

Keeping in mind the requirements of teachers, we have conducted 1 OP/ 2FIP and 11 Refresher courses in Sciences, Social Sciences, Arts and Humanities with topical themes like Survival Strategies for Business during Pandemic; Indian Writing in English : Class, Caste and Gender; Comparative Study of Indian Folk Literature; Fundamentals of Cyber Security and Cyber Laws; Emerging trends in Experimental and Theoretical physics, etc.

We have also conducted 11 Short term courses and workshops, which are of 6 days duration in specialized areas for the professional development of senior faculty members. Some topical themes like Artificial Intelligence; Data Science and Analytics; Value Based Education; Financial and Investment planning etc.

Our efforts have been quite fruitful as we are getting regular feedback from our teacher participants on how they are able to implement some of the ideas that have been taught to them which resulted in transforming them into better teachers. This transformation is important because teachers are still central to the educational system, even in this era of easy availability of information to students through various ICT platforms.

Our vision is *“To transform the teachers into inspirational role models for the young and inspirational students, who in turn will create just and equitable society that will be progressive and secular”*.

Centre for Extra-Mural Studies, Centre of Archaeology

A very special move of the Centre for Extra-Mural Studies, Centre of Archaeology, University of Mumbai during the NAAC Committee visit in August 2021-

Centre for Extra-Mural Studies, Centre of Archaeology, University of Mumbai took a small but important step of establishing **“University of Mumbai Museum-A Beginning”** in the premises of CEMS. It contains Artefacts collected in various archaeological explorations and excavations conducted by CEMS in the past, Paintings of historical importance, Ancient Manuscripts and other miscellaneous exhibits.

It was appreciated by NAAC Team as well as various committees of NAAC and the colleagues in the University with the best wishes of converting it into large museum appropriate for UM.

Activities during January-November 2021:

1. Centre of Archaeology, Centre for Extra Mural Studies, University of Mumbai organized a **special Online lecture on ‘Cave Architecture in Vidarbha’** by well-known Archaeologist and Art Historian Dr. G. K. Mane on Saturday, 27th March 2021 on the occasion of **Third Punyatithi of (Late)Padmashree Prof.M.K.Dhavalikar, Eminent Archaeologist** and Former Professor and Director, Deccan College Post Graduate and Research Institute, Pune.
2. **Celebrations of World Heritage Day, April 18, 2021**, Poster and Vlog Making Competition was organized.
3. **Museum Day Celebration on 18th May 2021** - On the occasion of Museum Day, Centre for Extra - Mural Studies, University of Mumbai organized a special lecture on **‘Museums–Capsules of Knowledge and Career Choice’** by Ms. Anusha Samant-Khedkar, Curator at Indian Customs and Taxes Museum, Panaji, Goa.
4. **‘Summer Break with C.E.M.S.’** - a programme for kids jointly organized by C.E.M.S. University of Mumbai and Shaala.org., Mumbai.

Name of Course	Name of Resource Persons	Dates
'The Tool Story- a workshop on Evolution of Tools	Mr. Cleo Cabral	24 th to 28 th May 2021.
Knowing Temples Better	Ms.Gauri Damle	24 th to 28 th May 2021.
Art Attack- Painting	Ms.Manali Gharat	29 th May 2021
Virtual Heritage Tour	Mr.Atharva Bedekar	29 th May 2021

5. **8th Annual Workshop on 'Explorations in Maharashtra'** was organized on 8th August 2021. Prof. A.P. Jamkhedkar, Chairperson, I. C. H. R., New Delhi and Former Director, Directorate of Archaeology & Museums, Govt. of Maharashtra, delivered keynote address. Eminent Archaeologists Dr. Parth Chauhan and Dr. Manjiri Bhalerao chaired the first two sessions. Dr. Prachi Moghe & Ms. Sneha Nagarkar chaired the post-lunch sessions. Around 20 young researchers, Amateur archaeologists and Ph.D students from Mumbai, Pune, Osmanabad, Vidarbha, Solapur and Satara presented their research papers.
6. **Value-added Course on "Cultural Studies of Mahatmya"** was organized during 21st Aug.-31st Oct. 2021.
7. **Two-day Lecture Series- "A Dialogue with Entrepreneur"** was organized. Eminent Entrepreneur Dr. Girish Walavalkar delivered two consecutive lectures on 24th and 31st October 2021. He spoke on "**Entrepreneurship and Spirituality-Is the relation paradoxical?**" on 24th Oct. 2021. His second lecture was on "**Rules and Overrules of Success-Learnings from and for Entrepreneur**" on 31st Oct. 2021.
8. On the occasion of **Children's Day**, A Workshop for children titled '**Fun with Value Games**' was organized on 14th Nov. 2021. The session was conducted by Dr. Priya Vaidya, Associate Professor, Dept. of Philosophy, University of Mumbai.

WESTERN REGIONAL INSTRUMENTATION CENTRE

Western Regional Instrumentation Centre (WRIC), Mumbai is an autonomous institute and was established in the year 1977 as a part of UGC's comprehensive programme to promote instrumentation. It is fully funded by the University Grants Commission (UGC). WRIC has been functioning as a Registered Society with a Governing Council of which the Vice-Chancellor of the University of Mumbai is the ex-officio chairperson and which is now been recognized as a National Facility Centre in Instrumentation by UGC.

The major responsibilities of WRIC are to conduct various activities in the field of instrumentation in association with various colleges, universities, national research institutes and industries in the country.

Research and Development Activities

Microcontroller Development

Software Installed for Trainee Students of Vivekananda Education Society Institute of Technology:

1. Installation of Windows 10 on 3 PCs.
2. Installed windows 11 on new PC
3. Installed all software (Keil, ISP Prog,) of Micro-controller 8051, (Atmel syudio5, extreme burner) of Atmega 32, (Arduino 1.8.8) of Arduino.
4. Tested all three kits with Interface board.

Kit purchased for Training Programme :

1. Different Modules IR, LDR, MQ6
 2. Accessories for Atmega32 & ARDUINO.
- Enhance the LED based Spectral Response Meter, by interfacing 3.4" inch TFT Touch screen display to plot the EQE graph.
 - Guidance to 2 B.E. students (Chaitanya Brid & Rugved Pawar) of Vivekananda College for plant irrigation data monitor on cloud.

Projects:

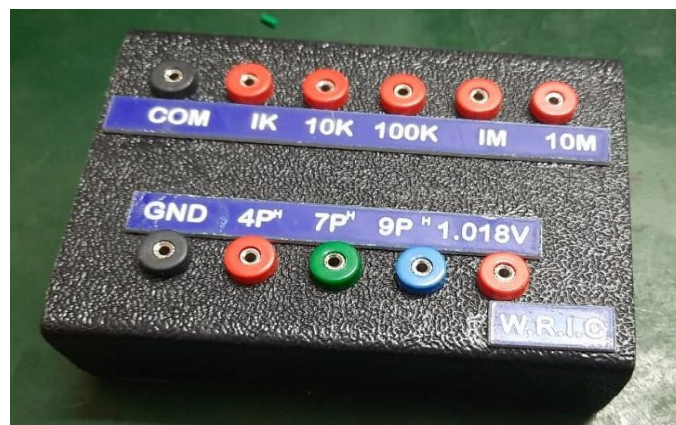

Following instruments are designed and developed at WRIC for training Programmes:

- Op amp Trainer Kit.
- This is the versatile Operational amplifier Trainer Kit developed in the form of DIY Kit. Planning to provide such type of kits to Students and colleges. Aim of

this is that students themselves can assemble the kit and do the various experiments using kit. This kit works with Mobile charger

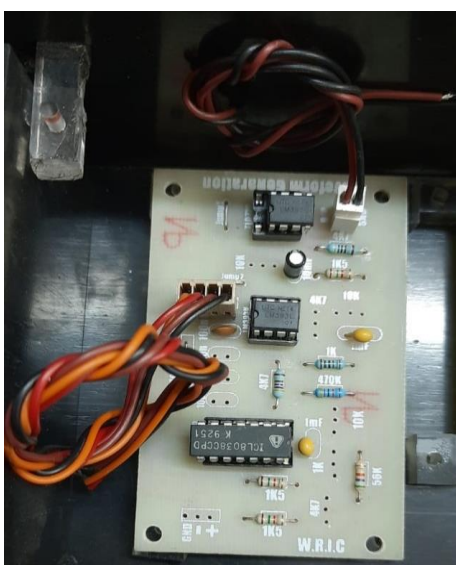

- Multi parameter calibrator for colleges that can be use for calibration of Ph, Conductivity and Potentiometer.
- This calibrator developed based on feedback we got from colleges about testing of instruments for reliability and accuracy. By using this calibrator they can Check various instruments like PH meter, Conductivity meters, potentiometers etc.

- Power supply Trainer Kit
- This is an affordable DIY power supply trainer kit. At college level its an important kit for the study of power supply characteristics

- Function Generator Trainer Kit

On-Going Projects:

- Currently working on 'Portable PCR Analyzer'.

WRIC conducted training programmes / workshops at different colleges, university departments and institutes. This has resulted into a strong interaction between WRIC and various academic institutes and industries that has benefited all.

During the training programmes we repaired electronic laboratory, electrical, analytical and optical (microscopes & others) instruments were repaired.

WRIC organises various training programs to Teachers, Laboratory staff and students:

- **Out reach Training programs:** On invitation from Universities and colleges from various parts of India, we organise week long training programs/ workshops related to laboratory instruments.

- **In-House training programs:** These are specialized training programs on specific topics on instrumentation. Target audience will be students, laboratory staff and teachers.
- **In-plant training:** We run this program for Diploma students. Duration of this program will be 6 months. During this program students will undergo rigorous training in the areas of Electronics, mechanical, Electrical, Embedded systems, PCB designing and finishes with a project.
- **Internship:** For Bachelor of Engineering students we conduct 3 week Internship program in the area of instrumentation.
- **Short Term courses:** We also organize short term courses in the area of instrumentation as per the requirement from participants.

In-house Training Programmes:

Test and Calibration of Instruments

WRIC has various types of calibration standard equipment which is used for calibration of a variety of instruments from Educational Institutions, Government Organizations and Industries. For the report period, out of 83 instruments received for calibration, 81 instruments were calibrated and 2 instruments were returned to the users as they were beyond repairs.

Special Types of Instruments Calibrated

1.	Fluke 715 calibrator	2.	ACA Leakage Tester
3.	G.P. Electronics calibrator	4.	RTD Calibrator
5.	Relay kit	6.	AC/DC Current Probe
7.	Secondary kit	8.	5 KV Megger
9.	Handy Calibrator Yokogawa	10.	Data Logger Calibrator
11.	Multifunction process Calibrator	12.	Leak Tester Machine
13.	Low Distortion Audio Generator	14.	Temperature Gauge
15.	Digital Pressure Gauge	16.	Decade Resistance Box
17.	High Voltage kit		

General Types of Instruments Calibrated

1.	Analog Earth Tester	2.	Function generator
3.	Digital Earth tester	4.	High Voltage kit
5.	DMM	6.	Temperature gauge
7.	Clamp meter	7.	IR Thermometer

Following Institutions / Industries availed our Test and Calibration services :

1.	Venus safety & Health Pvt.Ltd	2.	Manthan Engineering works
3.	Hindustan Petroleum Corporation Ltd.	4.	KVAR Technologies Pvt. Ltd.
5.	M.G. Electronics	6.	Adis computer
7.	Power Engineers	8.	Pristine Engineering Service Pvt. Ltd.
9.	Adrie Marine Electronics Solution Pvt. Ltd.	10.	Benson Marine Services
11.	Ravi Electronics		

Standard Equipment Calibrated at WRIC:

Sr. No.	Name of Equipment	Model Number	Make
1.	High Precision Decade Resistance Box	7400	Vaiseshika
2.	High Stability Decade Resistance Box	8400	Vaiseshika
3.	Digital Multimeter	87V	Fluke
4.	GEGA OHM BOX	WRIC	Vaiseshika
5.	MEGA OHM BOX	WRIC	Vaiseshika
6.	Clamp Meter	2056R	Kyoritu

Standard Equipment sent for Calibration:

Sr. No.	Name of Equipment	Model Number	Make
1.	High Precision Decade Resistance Box	7400	Vaiseshika
2.	High Stability Decade Resistance Box	8400	Vaiseshika
3.	Digital Multimeter	87V	Fluke

5.	MEGA OHM BOX	WRIC	Vaiseshika
6.	Clamp Meter	2056R	Kyoritu

Kit purchased for Training Programmes:

1. Different Modules IR, LDR, MQ6
2. Accessories for Atmega32 & ARDUINO

Repairs and Maintenance of Instruments

WRIC offers its expertise in repairing and servicing of laboratory electronic, electrical, analytical and optical instruments to various colleges, institutions and universities in the country. During the report period, out of 227 instruments received for repair, 207 instruments were repaired of Following university departments / colleges / institutions / industries utilized our repair & maintenance services :

Departments of University of Mumbai	Colleges affiliated to University of Mumbai
• Department of Chemistry • Department of Biophysics • Health Centre • National Centre for Nanosciences & Nanotechnology • Garware Institute of Career Education and Development	• VES Pharmacy College, Chembur, Mumbai • K. M. Kundnani College of Pharmacy, Cuffe Parade, Mumbai • Dr. L. H. Hiranandani College of Polytechnic, Ulhasnagar • Government Polytechnic, Mumbai • D.Y. Patil Pharmacy College, Nerul • Bombay College of Pharmacy, Santacruz, Mumbai

Interaction with colleges:

Maintenance Camps :

WRIC organizes maintenance camps at following Colleges. Aim of this activity is to repair & maintain instruments at an affordable cost. The details are as under :

Sr. No.	Name of the College	University	Type of Instruments Repaired		Instruments Repaired
1.	VES College of Pharmacy, Chembur, Mumbai	Mumbai University	Electrical and electronics Instruments	2 nd to 3 rd Aug. 2021	55
2.	Kundnani College, Cuffe Parade, Mumbai	Government Aided and Accredited by AICTE	Electrical and electronics Instruments	2 nd to 3 rd Sept. 2021	86

3.	Bombay College of Pharmacy, Santacruz, Mumbai	An Autonomous Institution, Approved by AICTE and Affiliated to University of Mumbai	Electrical and electronics Instruments	22 nd to 23 rd Oct. 2021	46
4.	D.Y. Patil School of Pharmacy, Nerul, Navi Mumbai	D. Y. Patil Deemed University	Electrical and electronics Instruments	19 th March 2022	32
Total :					219

Workshop Activities

In the Mechanical Workshop we have designed & fabricated various mechanical components required for training programmes, R&D Division, Maintenance Section, Calibration Section & other activities of the Centre. In-Plant training given to final year students of Government Polytechnic, Bandra, Mumbai

Optical and Glass-Blowing

WRIC offers its expertise in fabrication work and repairing / servicing of laboratory microscopes, other optical instruments of departments of University of Mumbai & Colleges. We repair these instruments in the Centre as well as at Training Programmes & Maintenance Camps. The details are as follows:

Sr. No.	Departments of University of Mumbai/Colleges	Type of Work	Quantity
1.	Department of Bio-Physics	Fabrication of glass diffusion	1
2.	Department of Chemistry	Repaired of nitrogen assembly and tiffion stopcock to glass column	2
3.	National Center for Nano Science	Cutting and polishing of Quartz tube	1.
4.	National Center for Nano Science	Cutting and polishing of 48 inches Quartz tube	1
5.	Govt. N.P.G College of Science, Raipur/Dept of Zoology	Supply of 33 bits tool box and wooden screwdriver	1
6.	Govt. N.P.G College of Science, Raipur/Dept of Botany	Supply of 33 bits tool box and wooden screwdriver	1
7.	Govt N.P.G College of Science,	Supply of 33 bits tool box	1

	Raipur/Dept of Geology	and wooden screwdriver	
8.	J.D.B. Govt. Girls College, Kota, Rajasthan	Supply of 33 bits tool box and wooden screwdriver	1
9.	J.D.B. Govt. Girls College, Kota, Rajasthan	Supply of 33 bits tool box and wooden screwdriver	1
10.	Govt. College, Kota	Supply of 33 bits tool box and wooden screwdriver	2
11.	Dept of Zoology, Kota, Rajasthan	Supply of 33 bits tool box and wooden screwdriver	1
12.	Dept of Botany, Kota, Rajasthan	Supply of 33 bits tool box , wooden screwdriver, conductive meter, pH meter	1
13.	J.D.B Govt. College, Department of Zoology, Kota, Rajasthan	Supply of 33 bits tool box , wooden screwdriver, Thermostat	2
14.	J.D.B Govt. College, Dept. of Zoology, Kota, Rajasthan	PH electrode	2

Library and Information Services

The total number of books in the library is now 4539. In addition to WRIC staff, the Library facilities were used by project students and others.

Internet connectivity has been setup and is being used by staff members and other users. This gives access to many full-text e-journals, other related documents, and need-based information about solar panel, solar cell, photovoltaic, solar simulator, electronic components, instruments, circuits, etc.

Health Centre

The Health Center of the Mumbai University is working in the Vidyanagari premises from January, 1991. The students, teachers and nonteaching staff and their family members take benefit of this free of cost services of this health center. Similarly the residents of the Vidyanagari area, students in hostel on guests in guest houses also take benefit of this facility.

Following programs are being implemented in this health center.

1. General Outpatient Department -

This services is provided everyday on officer working days of university. In this type the general examination of the patient is conducted and he/she is given treatment. The health complaints of the patients here are sorted and they are given health advice and guidance.

2. Ayurvedic Outpatient Department –

Every Wednesday and Friday the Ayurvedic experts conduct general examination and give treatment. Similarly, the health complaints of the patients here are sorted and they are given health advice and guidance.

3. Health Checking

- a. The pre-appointment health checking of the teachers and nonteaching staff is conducted and they are given medical certificate.
- b. The health checking of all students taking part in various programs of university is conducted.

During the year under review, 4374 patients took benefit of these facilities out these 3792 patients took benefit of general patients services and 582 patients took benefits of ayurvedic outpatient services.

During the year under review, the health center played very important role during COVID-19 epidemic. During the entire lockdown period COVID-19 RTPCR checking camp was organized for teaching and nonteaching staff resident in university on 10th June, 2021.

Blood donation camp was organized on 11th January, 2022 by Mumbai University and Lions Club of Bombay.

The Bombay Sea Coast Rotary Foundation provided an ambulance on 26th January, 2022.

Ratnagiri Subcampus

This office is office first sub center of Mumbai University. This is named as Padmabhushan Dr. Dhananjay Keer (who is renowned Biographer) sub premises. This sub-premises were formed on 05.09.1989. The sub center was working in Govt. office / college on rental basis. It was shifted in 2005 in its owned building. The M.I.D.C. Ratnagiri has allotted land admeasuring 20,000 sq. meters and also has constructed a building admeasuring approximately 4248 sq. meters.

This building has two parts administrative and educational. Similarly, an open area admeasuring 30,000 sq. meter is allotted to this office.

The teaching and non - teaching staff are working in this sub-center and the educational and administrative services are provided to students, colleges, teachers, from this center. Almost all correspondence to be submitted by the students / colleges is accepted here. Similarly, the circulars, mark sheets, degree certificates distributed to concerned colleges in Ratnagiri and Sindhudurg district. The answer sheets written in examination centers in these districts are collected and scanned here. They are valuated in this center. Such center is operating in this center. Various schemes announced by the university are implemented by this office.

Following courses are being implemented from this center. 1) M.Sc. Environment Science, 2) M.Sc. Chemistry – Analytical, Inorganic, Organic and Physical, 3) M.Sc., Zoology (Oceanography), 4) Ph.D. in environmental Science and 5) Diploma in Industrial safety and Management. These courses are being run on regular basis. The Lokmanya Tilak Research and Study Center is situated in this office. Two courses Certificate Course in Vedic Mathematic and Certificate Course in Astronomy are run on regular basis. This office regularly organized national / international conferences workshop lectures on various topics are organized from time to time.

The office also provides study material of various curriculum of various courses of Open and Distance University Education Institute of Mumbai University to the students from Ratnagiri and Sindhudurg University to these curriculum. This center also collects documents related to admission of students to these courses and send them.

Review of work done during academic year 2021-22.

1. Information submitted to National Assessment and Accreditation Council (NAAC)
2. Started Digital Electronic Paper Delivery System (DEPD)
3. Started Lokmanya Tilak Research and Study Center
4. Naming ceremony of the sub-center as Biographer Padmabhushan Dr. Dhananjay Keer Sub-premises was performed at the hands of Hon'ble Minister, Higher and Technical Education, Govt. of Maharashtra
5. Proposal submitted to the Government for approval to the sub premises.
6. Started Diploma in Safety and Management Course
7. Started reading room for competitive examination candidates of Lokmanya Tilak Research and Study Center
8. For research included in Environment Science course, a Research Advisory Committee was formed and held meetings as per VCD.
9. The course "Certificate Course in Astronomy and Certificate Course in Vedic Mathematics started from joint effort with colleges under the aegis of Lokmanya Tilak Research and Study Center.
10. Course work required for the syllabus of Ph.D. in Environment Science which is an important part of the syllabus as per U.G.C.'s rule
11. Started N.S.S. Unit
12. The laboratories of Science branch were renovated.
13. Webinars were organized on various topics
14. Noteworthy participation in Avishkar Competition and Youth festivals.
15. The competitive examination guidance center with all modern facilities is under construction in this sub-center. The infrastructure for this sub-center were produced from grant of Rs.23,00,000/- (Rupees Twenty Three Lacs) given by District Planning Committee.

School of Engineering and Applied Science (Kalyan)

I/c Director:- Dr. Advait Vaidya

The Mumbai University had established a school of Engineering and Applied Sciences for the purpose of developing skilled human resources taking into consideration the industrial needs along with novel curriculum of Mumbai University. The process of admission for the academic year 2020-21, it is proposed to start following courses for post graduate curriculum.

1. M.Tech. Computer Engineering
2. M.Tech. Chemical Engineering
3. M.Tech. Artificial Intelligence Machine Learning
4. M.Sc. in Zoology (Oceanography)
5. M.Sc. in Material Sciences

It is also proposed to start research center for Ph.D. in Computer Engineering and Chemical Engineering. The university has started these syllabus after taking in consideration the increased needs of the industrial field as per changing times. It aims at providing maximum curriculum which are capable of creating employment. Earlier the institutions / organizations giving education of Engineering other than engineering colleges of affiliated to university were not in existence. Hence it is seen that the university has taken this important step for forming competent institution which gives education in engineering and applied sciences by establishing this institution. The curriculum of courses being taught by this institution have been developed with a view of training the students by imparting then the modern and updated computer knowledge along with knowledge in Computer Engineering and Chemical Engineering. The changing needs of the industrial world have been taken in consideration it is seen that there is need of improvement in computer architecture, integration of computer hardware, software, algorithm and data management techniques, there is need of improvement in chemical process necessary for simulation and software equipment. Hence the university has selected these courses with the purpose that the students should get latest knowledge in the peculiar modern fields which are developing very fast like artificial intelligence, cloud computing, machine learning, big data, image processing, developed operating system, embedded system design.

The university has also taken in consideration that Maharashtra State has got 720 km. long sea shore and also that there are opportunities in this field are increasing job opportunities. This has created need of research in marine field. Hence the university has started M.Sc. Zoology (Oceanography) Course.

Similarly, efforts are made to implement the Ph.D. syllabus in Computer Engineering and Chemical Engineering. The university has issued a circular regarding admission process in this respect.

The importance of physics, architecting, novels and advanced literature is motivating since ancient times.

Now a days the human being cannot remain alive without the material like food, air, water and shelter and hence he cannot remain alive. Hence he is always being discussed. The literature science is multi - disciplinary and it occupies anything from products of Aluminum, Steel and Silicon to development of new equipment. Hence the physics and technology are very important center for Indian Industries. Proper selection of material can save lot of money and work for companies. Now material technologist are required to fight with the challenges like development of new material based on Nano technology for favorable and efficient use of product and recycling of metal, oil and gas and use of modern equipment. Such fighting is thrilling. Hence the need of this research was taken in consideration by university and the university has started course M.Sc. in material science. The university has issued circular in context of admission for this courses.

1. M.Tech in Computer Science and M.Tech in Chemical Engineering are two years courses. The total fee for each year Rs.70,750/- (Rupees Seventy Thousand Seven Hundred Fifty only). The examination of fourth semester for M.Tech in Chemical Engineering and M.Tech in Computer Engineering. The result of this examination is 100%.
2. The M.Sc. Zoology (Oceanography) two years course. Every year has two semesters. The fees for first year is 35,045 and fees for second year 33,270/-. The examination of semester 4 of M.Sc. INNOVATION, INCUBATION AND LINKAGES

University of Mumbai has started a start-up incubation center, MU IDEAS Foundation to establish a start-up culture that encourages innovative ideas; transform novel concepts into practical industry solutions and viable businesses. It aims to promote the setting up of start-ups and support them during their pre-incubation, incorporation and operations phases to enable creation of successful businesses enhancing the overall economic health of the state and country, while generating large scale employment.

MU Ideas have organized awareness and training programmes to guide the entrepreneurs, faculty and students in operational aspects, legal aspects, intellectual property rights, patent related issues, business model creation and financial aspects.

MU Ideas launched its initiative of Startup Clubs in affiliated educational institutes. The Startup Clubs will promote and encourage innovative ideas at schools, colleges, and districts and hone our budding entrepreneurs to build the nation’s next big unicorns. Each Startup Club will be a mini-Incubation Center at institute level so it can be accessible to the faculty and students on a daily basis while having direct access to the MU Ideas and its resources. MU Ideas conducts regular sessions with these startup clubs to mentor the students and faculty on the business aspects.

So far, the center has shortlisted 10 start-ups for physical incubation and 15 more are getting pre-incubation mentoring support. Their mentoring and operations are going on in the Incubator premises located at University of Mumbai’s Vidyanagari Campus. The premises will be developed to suit needs of startups for

co-working and lab spaces. For this purpose, the PMC has been appointed and the work is expected to complete by November 2023.

To know more and to be part of the MU Ideas incubator please visit www.muideas.org or mail incubation@mu.ac.in.

- ❖ **The remarkable activity carried out which was determined important with country's industrial, financial and social development perspective and have made significant contribution in the education sector. Special research projects undertaken during the year by the College:-**

The Department strives for creating a socially Just and inclusive environment. Courses in the M.A programme such as Language, Power and Inequality, Language Culture and Nation, Language in the Social Sphere, Multilingualism and Bilingualism, Language and Education etc. address issues related to social justice and inclusiveness. The field-methods course as well as the project-based courses enable the students to productively contribute towards realization of these values.

During the year 2021-2022, the Department as part of its M.A Programme researched a lesser known language Vadvali spoken in and around Vasai Region near Mumbai. Based on the research students of the M.A Programme wrote dissertation on various grammatical aspects of Vadvali. 16 such dissertation were produced during the academic year.

- ❖ **Initiatives taken for Implementation for the Year -22:-**

NEP 2020 promotes multilingual classrooms and a sense of pride regarding the rich linguistic diversity of India. The Department of Linguistics works in consonance with this aim. The M.A Programme includes courses on multilingualism and bilingualism, linguistic variation, translation studies. The highlight of the M. A programme is the field method course as well as project based courses where students study a lesser known language. Students are expected to write assignment on different aspects of their mother tongues. In all, students right 14 such assignment as part of their M.A Programme. The Ph.D. programme of the department expects the students to work on different aspects of linguistics diversity of India specially their mother tongues. Currently the Ph.D. students in the department are working on languages such as Assamese, Saraiki, Marathi, Gujarati, Konkani as part of their research. All these activities contribute towards the aims and objectives of NEP 2020.

❖ **Efforts Made to Enhance the Quality of Education:-**

Teachers ensure that the students engage in active learning in and outside of the classroom. Learning-by-doing method constitutes the core of the pedagogy adopted in the Department.

The students are trained to work on their mother-languages. So, the teaching-learning activities gain relevance in the immediate surroundings of the students.

Bringing students' mother-languages into the classroom enhances the students' participation in the teaching-learning process.

Evaluation is continuous, involving, journals etc. Continuous evaluation is designed in a way to make the assessment part of the learning process. All teachers uses ICT tools, hands-on training to the students.

Teachers mentor students outside the classroom hours. Constant feedback is given to students on their learning activities

Stating the system of slavery of tribal women, he said that Stree ne saval karna nahi sikha', he laid out the overall system of exploitation and displacement of women. After that Dr. Prithviraj Taur expressed the sense of displacement felt in the poems of the new generation of poets. While

discussing the poems of poet Namdev Koli from Annabhau Sathe to this period, he highlighted the concept of displacement expressed in his poetry. At the same time, while discussing about employment and displacement for water, he said, 'The laborers are migrating from Latur, Beed to Mumbai due to the need for employment in Nipali Sugar Factory. While discussing the questions that are arising due to this, he discussed the displacement in literature through poetry. While Prafulla Shiledar, author of the collection of poetry 'Nirvasit Chini Mulas', poet Anil Te Annabhau Sathe, Vs. S. Gurjar, Narayan Surve, Namdev Dhasal, Arun Kale etc. A similar effort is made through displacement.' After that, the chairman of this session J. Vs. While presenting the pain of displacement in his analysis, Pawar said that poets make movements, and those who make movements make poems. He made a general statement about the role of poets. He also said in his presidential speech that actions and words are important.

In the seminar 'Displacement and Drawing', Dr. Why did Bhagyashree Verma have to write to Virginia Bulf, Simone? If we raise such a question, we will get the history of exploitation of women, so he presented the history of exploitation of women. At the same time, she said in her commentary that a woman does not have her own home, wherever she goes will be her home, so the issue of displacement of women is serious. That is, Dr. Bhagyashree Verma discussed the history of women's exploitation and the issues of women's displacement that created the system of exploitation. Sandhya Nare-Pawar highlighted the reality of displacement of women by touching on displacements like Dakin practice. She said that the first displaced woman was a dakan -- the first displacement of women in gender stereotypes. At the same time, she said that the institution of marriage and the patriarchal system are the cause of Sri Disthapana. While Dhammasangini Rama Gorakh expressed the plight of those displaced along the lines of caste and religion. In his presentation, he discussed the issues of politics in literature, what was the use of women's issues during the movement. While discussing the autobiography of Deshodhadi, he presented the displacement of Bhatke Vimukt. This discussion session was chaired by Dr. It was played by Bharat Patankar. He took the position of displacement i.e. exploitation.

At the conclusion of the seminar, senior social activist Medha Patkar, pioneer of the Narmada rescue movement, was present as the chief guest. Medha Patkar expressed the opinion that literature should include the slogans and songs of the movement and said that literature is a medium to reach the social movement to the society. Megha Patkar elaborated in her speech that if the displacement is to be stopped, the working class and the intelligentsia should fight together and face the challenges. The President of the 91st Akhil Marathi Sahitya Sammelan, Laxmikant Deshmukh, opined that child laborers and third castes should also be considered in the presidential election. He said that while thinking about literature and displacement through literature, we should think about all the elements of the society. Sanjay Mangala Gopal, President of Sane Guruji Memorial Trust also discussed the work and functioning of Sane Guruji Trust while highlighting the idea of social commitment in his speech. The head of Marathi department Dr. Vandana Mahajan explained the role behind the organization of the program in the introduction at the beginning of the seminar. After that, Neerja, President of Inter Bharati Translation Center and well-known poet, while explaining

the background and format of the dialogue session, told how Sane Guruji National Memorial Trust came up with the idea of holding the tenth literary dialogue around the center Displacement. She said, 'From ancient times till now man has been displacing himself and sometimes displacing others due to disasters caused by political, economic, religious power and greed along with natural calamities. In this two-day seminar, we were going to try to take a look at how the creative man who recovered himself in the face of these disasters expressed himself through art and literature in the formula of disaster, displacement, migration and literary creation, and we think he succeeded, she said. The professors of the college affiliated to Mumbai University inaugurated the seminar and moderated the various sessions. Professor in Marathi Department Dr. Sunil Abhiman Awachar and Padma Shri Award winning reformer The exhibition of the 'Invisible World of the Displaced' paintings was significant.

❖ **Initiatives taken for the implementation of National Education Policy 2020:-**

1. Multidisciplinary / interdisciplinary: L. S. Raheja College is a College affiliated to University of Mumbai and hence need to strictly adhere to the Curriculum prescribed by the University of Mumbai from time to time for various programmes/courses. L.S. Raheja College had taken proactive steps in supplementing the knowledge of the students as also enhancing skills of the students even before the announcement of (National Education Policy) NEP 2020, which will be evident from the further elaboration in this note. We have been fortunate to have NEP 2020 which will transform Indian Education System drastically over a period of time. As the first step towards implementation of NEP, 2020 our College has started preparing Institutional Development Plan (IDP) to transform our College into holistic multidisciplinary College. Management of Sadhana Education Society has a College of Education housed in the same campus, which is an advantage to our College wherein we will be able to enhance academic activities in various Departments of our College in collaboration with the College of Education. University of Mumbai has introduced Choice Based Credit System (CBCS) in all its affiliated College. In the first and second year of all the programmes in Arts and Commerce, the University has introduced Foundation Course, which covers various topics in humanities and sciences like Overview of Indian society, Concepts of Disparity, The Indian Constitution, Significant Aspects of political processes, Globalization and Indian Society, Concept of Liberalization, Privatization and Globalization, Human Rights –

Origin and evolution of the concept, Universal Declaration of Human Rights, Ecology, Understanding stress and Conflict, Managing stress and conflict in contemporary society, Science and Technology, Development of Science, Nature of science, Science and superstition, Science in everyday life, Laser Technology, Geographic Information System, Remote sensing, Satellite technology, Global Positioning system and Information and Communication system.. Moreover, at the first year of B.Com there is a compulsory subject called 'Environmental Studies'. This subject includes topics like Environment and Ecosystem, Natural Resources and Sustainable Development, Population and Emerging Issues of Development, Urbanization and Environment, Solid waste Management for sustainable Society, Agriculture and Industrial Development, Tourism, Environmental Movements and Management. In our Arts and Commerce College, we have introduced Science stream which is Bachelor of Science (B.Sc) Degree with specialization in Information Technology. To sensitize students about the societal issues. College has signed MOU with Akshara Foundation an NGO. With the help of this NGO, awareness is created among students by conducting sessions on the problems in the Society like Gender Sensitivity.

2. Academic bank of credits (ABC): Though the University has yet to introduce 'Certificate' after passing First Year, 'Diploma' after passing Second Year of the programme, multiple entry system for students at any of the three years degree programme is already in existence in our system. As stated earlier the University has already introduced CBCS, however the University has yet to register for Academic Bank of Credit (ABC).

3. Skill development: College has yet to venture into introduction of formal vocational courses and formal skilling courses which may lead to Degree in relevant courses. However, the College has already been conducting lectures for regular course in hybrid mode (online and offline) Besides regular curriculum, the College conducts certificate courses in Skill Development Digital Media Marketing, English speaking, Data Analysis using R software and MS excel, GST.

4. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course) In order to introduce experiential learning, students are made to do projects on various current topics which are credit based. This helps students as well as faculty to be updated with the current scenarios in various contemporary fields. To make students aware of Ancient Indian Culture, the College conducts courses in 'Modi Script' and also 'Ashokan Brahmi'. With this, students will be able to go through the Ancient Indian Literature in those scripts / languages. Almost all the teachers of the College have knowledge of at least one Indian language. In fact because of cosmopolitan population of Mumbai some the teachers can understand more than one Indian languages other than their mother tongue. Since past many years, as per the University directive, the students are permitted to write

answers in Marathi or Hindi in their examination. The teachers have been assessing the answer books of the students written in Marathi or Hindi without any difficulty.

5. Focus on Outcome based education (OBE): In order to make teaching-learning more effective particularly in the subject of Mathematics and Statistics as well as Accountancy, the College has introduced tutorials which are conducted in smaller groups to make learning more effective. Faculty is encouraged to create workbooks for the subjects like Mathematics and Statistics, Economics and Accountancy. This has immensely helped the students to gain insight in the subjects. Subject of Foundation Course introduced at the first year and second year of Arts and Commerce, includes the topics like Overview of Indian society, Concepts of Disparity, The Indian Constitution, Significant Aspects of political processes, Globalization and Indian Society, Concept of Liberalization, Privatization and Globalization, Human Rights – Origin and evolution of the concept, Universal Declaration of Human Rights, Ecology, Understanding stress and Conflict, Managing stress and conflict in contemporary society, Science and Technology, Development of Science, Nature of science, Science and superstition, Science in everyday life, Laser Technology, Geographic Information System, Remote sensing, Satellite technology, Global Positioning system and Information and Communication system. which relate to valued based education. Also, several guest lectures are organized by the College inviting veterans from industry like Mr. Nityanand Singh - ICICI Foundation, Mr. K. Sukumaran Dean, NISM, R J Danish from Hungama Digital, Mr. Anshul Goel-Vice President & Zonal Head Sales and Distribution, Motilal Oswal Asset Management Company, Mr Ketan Vaidya from DNA India, Mr. Kirtan Shah CEO Ambition Learning Solutions, Mr. Zaheer Sayed, ACCA Director Financial Planning Academy, to name a few. Quite a few aspects of NEP 2020 have already been implemented by the College over a period of few years. L.S. Raheja College is definitely heading towards complete implementation of NEP 2020 within the framework set by the University of Mumbai from time to time.

❖ Efforts Made to Increase the Quality of Education:-

The College has an established Internal Quality Assurance Cell (IQAC) for the systematic pursuit of quality assurance, quality up-gradation, assessment and accreditation.

1. IQAC is instrumental in suggesting a number of quality improvement measures for the College. The practices institutionalized by IQAC are:

2. IQAC prepares the academic calendar at the beginning of every academic year after consulting Heads of Departments, coordinators and committee conveners and reflects examination schedule, departmental activities and activities proposed by various committees. Teaching plan prepared by each individual teacher is verified by the heads/coordinators and is submitted to the IQAC.

3. Improving Teaching and Learning methodology for quality improvement. The IQAC encourages teachers to adopt various teaching methodologies to supplement classroom teaching which include case studies, movies and audio-visual presentations, quizzes, group discussions, group projects, exhibitions, industrial and educational visits. Economics and Mathematics departments have developed workbooks to supplement studies. ❖ **Initiatives taken for the implementation of National Education Policy 2020:-**

Our Institute started Ph.D. program in 2013 and at the outset, we have initiated Ph.D. scholars to undertake multidisciplinary research in majority of the cases because the institute realizes the potential of undertaking multidisciplinary/interdisciplinary studies and research as they can bring out solutions for real time problems of immediate neighborhood and the national issues at large. Event though we are constrained by University syllabus & curriculum, within that framework we massively undertake and initiate students to multidisciplinary project work to make them ready for market place and we are much ahead of the curve of NEP preparedness & implementation.

The year 20-21 came as a shock, and we all were caught unalarmed. There was confusion all around. Education sector too observed challenge in its own different way. The students career was focus, hence the Institute had to adopt online mode. 2020-21 was little better so there had been hybrid mode.

Understanding the exposure needed, the student and faculty tried to involve in various research and consulting work, which would be important from industry, economic and social perspective. The research works were 1 Impactful Policy Research in Social Sciences (IMPRESS), Ministry of Human Resource Development, Government of India (ICSSR) 1019-22. Skill Promotion and Sustainable Development: “Woman’s Role In Rural Transformation. The role of women in enterprises is not limited to an individual level but their sustainable business model which impacts the entire family, community and society. Women can perform effectively and efficiently in all areas of expertise. The purpose of the study is to find linkage between perspectives of the women about women led enterprise and to understand the outlook of women about the comprehensive way to become empowered and taking their decisions. The study has also investigated whether Women-led enterprises promote innovations in products and process viewpoint with respect to women-led enterprise. The study has been conducted based on ESBF and RISE model in the rural set up. Both the model support and identify the entrepreneurial strength and where the participant and trainer need to focus to improve the skill set for better employability. The systematic investigation bases on field visit and interview found a significant gap in rural entrepreneurship among women’s: lack of willingness, interest, and independence for entrepreneurial activities and employment. Programs and schemes often lack the needed encouragement, motivation, and incentives to convince women to join and later work after gaining the needed training. Gaps in rural entrepreneurship are also enforced through restrictive rural societies oppressing Women, not allowing them any freedom or opportunity to work. It is critical to educate and inculcate change among rural Indian societies to normalize women being independent, educated, and have employment and not just be seen as ‘housewives.’ Thus, there is a necessity for government campaigns and policies that communicate and change the mindset and practices of families and communities. 2. Mahatma Gandhi National Council of Rural Education (MGNCRE) Department of Higher Education Ministry of Human Resource Development, Government of India (2021-2023) & quote An Analysis of Premises, Potential and Prospects of The Aspirational District Programme: Focus on Policy Implementation The main research objectives of the study are: Study the implementation and monitoring process of ADP at the district and village level Mapping the role of stakeholders at the district and village level and how they are engaged in the program. To identify the role of institutions and the local community in making collaborative efforts to make ADP successful. To identify the policy-driven innovation and support of institutions and government to scale these innovations. 3. The study was done during 2nd wave of COVID19 - It was conducted from May2021-February 2022. This study aims to analyse the impact of the intervention and contribution of Sewa International during the second

wave of pandemic in India. Sewa International volunteered to offer various facilities such as oxygen concentrator, oximeter, medical kit, etc to turn the tide over. Sewa volunteers travelled the length and breadth of the country equivalent to five times the circumference of the earth. This battle with time and distance was fought to make sure that all the facilities reached all covid affected patients. The study was conducted across India covering 29 states and over 500 cities. Research has used Qualitative and Quantitative statistical methods for understanding the impact of the contribution of Sewa International. The first stage of the assessment involved a detailed desk review of the available Covid-19 related information. Primary data was collected through telephonic calls, personal interviews with the center heads, patients, volunteers, and affected families. A structured questionnaire was prepared and circulated through an email to all the center heads. Secondary data was collected through different government portals, Sewa websites, and others. The qualitative study was conducted through structured interviews. The findings of the study reveal encouraging outcomes of the intervention of Sewa International related to oxygen concentrators during the second wave of the pandemic. Sewa's international disaster management expertise helped to sail through unprecedented time and ensured to save lives of people in India through their belief in "Sewa without discrimination".

4. Internationalization of Higher Education for capacity building

The institute has developed its policy on internationalization to cater to the following areas:

- a. We have tried to achieve inclusive internationalization with an aim of bringing quality education at the campus by improving research and societal activities.
- b. We are trying to enhance the international mobility of students and staff through tie up with various universities across globe.
- c. We are also providing professional support in the field of Internationalization to our students and faculties.
- d. Enhancing the effect of internationalization has on the delivery of education, outcome of research and the overall societal impact delivered to all stakeholders ensuring the inclusive internationalization means to address the societal responsibility. By educating students from different social and cultural backgrounds, we have tried to create positive effect on their development and empower them to facilitate change.

VESIM hereby explicitly relates to SDG 4: "ensure inclusive and equitable quality education and promote lifelong learning opportunities for all". These are already being done by introduction of internationally oriented programmes like Lit Fest, International Research Conferences, Research Projects with ERAUSMUS, working with the international universities through strategic partnerships. The Institute conducted few consulting work to give exposure to students on the areas required by different industries.

1 Survey on Social and Sustainable Business Practices (SSBP) - Used Cooking Oil (UCO)

Used cooking oils overuse and improper disposal is a problem with grave health and environment consequence. Worldwide

and also in India, Government enacts well intentioned rules and regulation but its implementation and compliance are far from what is desired. The issue of noncompliance has many underlying factors. The factors are primarily connected with awareness, attitudinal, financial, and behavioral aspects of the stakeholders. A non-alignment among all the above factors and also among the stakeholders is creating friction in the reverse logistics of the used cooking oil. VES B School along with Muenzer Bharat conducted a study to understand the perspective of the stakeholders in the value chain. The study used the ESG (Environmental, Social & Governance) framework to design the instrument to survey the entities which generate the used cooked oil in the MMRA region. The survey was driven and done by senior and junior students of PDGM and MMS under the supervision of faculty members. A total response of 5000 was collected. Tableau was used to visually explore the data and present the analysis.

The college offers options in the specialization as well like B.Com in Accountancy, or Statistics or Management. Apart from the undergraduate programs, the college has also initiated an array of value-added courses and certificate courses through collaborations with professional institutions and industry. The College has collaborated with Professional and Government Undertakings so far. After autonomy, in order to achieve academic excellence, the credits of all undergraduate programs are revised from 120 to 132 and necessary teaching hours are added. The grading system is also altered to raise the standard of a graduate from our institution. The College encourages students to organize Intra-College activities and Inter-College Festivals/Competitions as well as to participate in competitions organized by other colleges at the State or National/International Level to facilitate the holistic development of the student through co-curricular, extra-curricular, and Extension activities. The students while engaging in all these academic and other activities, score ranks in various professional examinations and set an example for peers to be on the path of hard work that leads to success.

IQAC of the College has promoted quality in the institution at various levels for better academic and administrative support such as, Minimum set of standards maintained in all internal activities, which consists of Regular Unit Tests, Internal & Preparatory Exams, Intra and Inter-collegiate competitions, Assignments/Self-

Study. The IQAC monitors the implementation of the teaching plans prepared and executed by the teachers. The IQAC expects the teachers should forward the syllabus completion report by the end of each semester. The campus has been equipped with ICT-enabled classrooms for the last four years. The library includes an E-resource center, with a subscription to the latest e-resources. Extensive use of ERP has enabled for smooth functioning. Online Feedback from students, alumni, parents and faculty in curriculum development is taken and analyzed. Conferences, Seminars, workshops and FDP are conducted regularly to enhance the Quality of the institution as Faculty could keep themselves updated to the times. Teachers are encouraged to participate in Syllabus Revision Workshops. Teacher Diary/ Teaching plan is being maintained to monitor the lecture delivery system IQAC is continuously engaged in imparting and sharing ideas by organizing workshops on best practices adopted by College, Quality enhancement workshops like interpreting and implementing new NAAC guidelines, how to write SSR etc. Students are encouraged to present case studies and write research papers. IQAC organizes ICT workshops to enable teachers to intersperse technology in curriculum to make the art of classroom pedagogy more relevant and interesting for students. Academic and Administrative Audit is conducted from time to time. Gender Audit, Green Audit and ISO Audit is also conducted from time to time. IQAC believes in establishing a democratic pattern of administration. The Management along with the principal ensures that equal opportunities are given to staff members who are best suited for a particular department and also, they are provided with opportunities to hone their skills. AQAR prepared by IQAC is analyzed by the Principal and Governing body of the institution before submitting it to NAAC. The IQAC reviews the teaching and learning process, its structures, and methodology of operation and learning outcomes periodically as per norms.

Semester 1(2021-23) Community Service: The B.Ed. student teachers wholeheartedly participated in the community service programme organized by the college. The activities were scheduled at four different centres Jeevan Jyothi's trust, Kal Ki Chhaya, Navjeevan, Nirmal Jyoti. The student teachers were grouped, and each group was assigned one centre. Students took over the task of teaching and helping the children at the centre with home assignments and overcoming reading and writing difficulties. The community work started from 9th February 2022 and went on till 31st March 2022. Preservation of Culture: Culture is an endowment, passed on from one generation to another. Its legacy and sentiments are integral to our survival hence it is important to preserve and conserve what we have inherited. Cultural activities were conducted on 26th, 27th and 28th February 2022. The

student teachers used the opportunity to express creatively their thoughts on the themes International Peace Day, Women's Day, Science Day, States of India, Literacy Day, etc. Activities like these help students to develop sensitivity and social skills. Semester 4 (2020-22) Literacy awareness was conducted online on various topics like Environmental conservation, Gender Sensitization and Women's status and career awareness.
