Board of Studies in Logic and Philosophy	
UG First Year Programme	
Semester	II
Title of Paper :	Ethics in Practice
Credits	2
From the Academic Year	2024-25

Sr. No.	Heading	Particulars
1	Description the course: Including but Not limited to:	Ethics in Practice Ethics in practice is crucial for understanding how moral principles are developed, justified, and applied in real-world'. It is Integrating Philosophy and Practice. Understanding the philosophical foundations of ethics is essential for applying ethical principles in practice. Normative theories provide frameworks for evaluating actions, meta-ethics explores the nature of moral judgments, and applied ethics tackles real-world issues through systematic approaches. Together, these aspects of ethics help navigate the complex moral landscape of everyday life, ensuring that decisions are made with consideration of both theoretical principles and practical implications.
