UNIVERSITY OF MUMBAI No.UG / 270 of 2009

CIRCULAR :-

A reference is invited to the Ordinances, Regulations and syllabi relating to the Bachelor of Engineering degree courses <u>vide</u> this office Circular No.UG/301 of 2004, dated 14th July, 2004 and the Principals of the affiliated colleges in Engineering are hereby informed that the recommendation made by the Faculty of Technology at its meeting held on 1st April, 2009 has been accepted by the Academic Council at its meeting held on 27th May, 2009 <u>vide</u> Item No.4.18 and that, in accordance therewith, the syllabus for the Fourth Year Printing and Technology (Sem. VII and VIII) of the B.E. degree course is introduced as per <u>Appendix</u> and that the same has been brought into force with effect from the academic year 2009-2010.

MIJMBAI-400 032 13th July, 2009

PRINK VENKATARAMANI REGISTRAR

To,

The Principals of the affiliated colleges in Engineering.

A.C./4.18/27.05.2009

No.UG/270 - A of 2009,

MUMBAI-400 032

13th July, 2009

Copy forwarded with compliments for information to: -

1) The Dean, Faculty of Technology.

2) The Controller of Examinations,

3) The Co-ordinator, University Computerization Centre

DEPUTY REGISTRAR (U.G./P.G SECTION)

Copy to: -

The Director, Board of College and University Development, the Deputy Registrar (Eligibility and Migration Section), the Director of Students Welfare, the Executive Secretary to the Vice-Chancellor, the Pro-Vice-Chancellor, the Registrar and the Assistant Registrar, Administrative sub-center, Ratnagiri for information.

The Controller of Examinations (10 copies), the Finance and Accounts Officer (2 copies), Record Section (5 copies). Publications Section (5 copies), the Deputy Registrar, Enrolment, Eligibility and Migration Section (3 copies), the Deputy Registrar, Statistical Unit (2 copies), the Deputy Registrar (Accounts Section), Vidyanagari (2 copies), the Deputy Registrar, Affiliation Section (2 copies), the Director, Institute of Distance Education, (10 copies) the Director University Computer Center (IDE Building), Vidyanagari, (2 copies) the Deputy Registrar (Special Cell), the Deputy Registrar, (PRO). the Assistant Registrar, Academic Authorities Unit (2 copies) and the Assistant Registrar, Executive Authorities Unit (2 copies). They are requested to treat this as action taken report on the concerned resolution adopted by the Academic Council referred to in the above Circular and that, no separate Action Taken Report will be sent in this connection, the Assistant Registrar Constituent Colleges Unit (2 copies), BUCT(1 copy), the Deputy Account, Unit V(1 copy), the In-charge Director, Centralize Computing Facility (1 copy), the

UNIVERSITY OF MUMBAI

Revised Syllabus for the

Fourth Year Printing & Packaging

Technology

(Semester VII & VIII)

(With effect from the academic year 2009-2010)

UNIVERSITY OF MUMBAI Scheme of instructions & Examination

B.E. (Printing & Packaging Technology)

Semester - VII B.E (Printing & Packaging Technology)

GUIDELINES

- 1. Project A examination be conducted by two examiners appointed by university. Students have to give seminar on the Project – A for the term work marks. All the students of the class must attend all the seminars. Seminars should be conducted continuously for couple of days.
- 2. Project-A should preferably contain abstract, existing system problem definition, scope, proposed system, its design and manufacture if any.
- 3. Number of students for a Project should be preferably 2 to 4. Single student should be avoided and upto 6 may be allowed only for exceptional and complex projects.
- 4. Out of total projects,65% may be allowed as to be industry projects and 35% projects must be in house. Head of the Department and senior staff in the department in consultation with the Principal of the institute/ college will take decision regarding projects.
- 5. Every student must prepare synopsis in the normal journal format.
- 6. Internal guide has to interact atleast once in week and maintain the progress and attendance report during both the semesters.
- Research projects may be encouraged from outstanding students with research aptitude.
- 8. In case of industry projects, visit by internal guide will be preferred. Industry projects will attract demonstration either at site or in college

GUIDELINES

- 1. Project B examination be conducted by two examiners appointed by university. Students have to give demonstration and seminar on the Project - B for the term work marks. All the students of the class must attend all the seminars. Seminars should be conducted continuously for couple of days.
- 2. Project-B which is continuation of Project-A should preferably contained introduction and motivation, problem statement, requirement analysis, project design, implementation details, technologies used, test cases, project time line, task distribution, references and appendix consisting of various standards/technical reference manual. Every student must prepare well formatted, printed, hardbound report.
- 3. Internal guide has to interact atleast once in weekt and maintain the progress and attendance report during the term.
- 4. Convener should make sure that external examiners are appointed from the list as per appropriate technical area.
