INTRODUCTION

The academic year 2020-21 started in the eye of the storm, while the entire world was fighting the COVID-19 pandemic. The University of Mumbai, like several other institutions in the country faced the enormous challenges posed by the pandemic with skill and determination— a feat that was made possible primarily through the support of its experienced faculty and staff.

The Government's support, especially in the initial days of the pandemic, including appropriate instructions, guidance, and creative inputs, combined with the dedication, determination, and the prompt decision-making ability of our academicians enabled us to avoid any academic damages to the lives of the students.

The University of Mumbai made significant efforts to carry out its social responsibility during the worst phase of the COVID-19 pandemic. For instance, the University facilitated the mental and psychological healing of those affected adversely with the help of Dr. Vivek Belhekar's counseling. In the Kalina Campus of the University of Mumbai, we arranged a community kitchen to serve food to more than 500 needy, homeless labourers from the nearby area of Santacruz. The University's National Service Scheme (NSS) unit, including officials and NSS cadets enthusiastically participated in such social welfare activities. Additionally, blood donation camps were organised by the National Service Scheme (NSS) under the guidance of Sudhir Puranik, Director NSS. Through these numerous camps, 7216 units of blood were collected and distributed to solve the problem of blood shortage. More than 100 officials of the National Service Scheme (NSS) of the University of Mumbai raised the amount of Rs. 1 lac as a donation to provide food and essentials to the poor tribal families. To sanitise PPE kits and N-95 masks, Dr. Vishwanath Patil of the Department of Chemistry, Dr. Sunil Peshane and his student, Roshan Rane from Clean Energy Alliance produced antiviral coatings. Unfortunately, the Konkan region of Maharashtra faced the natural calamity of cyclone along with the existing effects of COVID-19, which severely affected many university colleges. To combat these effects, the University of Mumbai announced a financial aid of Rs. 65 lacs to 15 affected colleges. The University continued to evolve while handling the continuous challenges posed by the pandemic. Alongside our social responsibilities, we started some new and important projects like 'Dr. Babasaheb Ambedkar International Research Center', and 'Universal Human Value Cell' for social justice and welfare.

The University also successfully carried forward its tradition of organising the annual Youth Festival to enhance the abilities and special skills of students as well as boost their morale. To sharpen the research skills of its students, the University held competitions like “Avishkar”. Both these events were organised in the online mode, showing that the University made a significant effort in not only carrying out its academic activities seamlessly, but also its cocurricular activities. The aforementioned programs were successfully organised under the guidance of Dr. Sunil Patil, I/c Director, Department of Student Development. The annual report of the University of Mumbai has recorded several more activities this year, and it is my honour to present it to you.

I, therefore, thank you all and welcome the humanitarian respect and harmony that has given us the strength to overcome our challenges and celebrate our successes.

Prof. Suhas Pednekar
Vice- Chancellor
University of Mumbai

EDITORIAL

The annual report of any institution is a reflection of the endeavours that the institution has undertaken in the course of the year. It is our honour to present to you the annual report of the University of Mumbai, which is not only the oldest university in India, but has also been at the forefront of the nation's educational infrastructure. The academic year 2020-21 has proven to be the most challenging year for higher education in the recent past, presenting new trials at every turn. Nations around the world have had to adapt to the demands of the COVID-19 pandemic, and India, like the rest of the world, has changed as well. It is through our resilience and our belief in our values that we have drawn the courage to face this turbulent year. The University of Mumbai, like the rest of the country, has faced the challenges and met the demands of the pandemic with perseverance. With the timely support and guidance of the Government of India, the Government of Maharashtra, and the University Grants Commission, the University of Mumbai was able to streamline its academic processes and further successfully conduct online exams. The University also established several new centres of study and research, while its existing departments, affiliate institutes and colleges tirelessly continued to work towards a safer and more certain future for its students.

The editorial committee wishes to detail the activities and engagements of this time period in the annual report. We are grateful to all those who have helped us compile the information provided in this report, and we would like to bring this editorial to you with the hope that the next year may be one that is free of the challenges of the past and takes us towards a brighter future.

Jamnalal Bajaj Institute of Management Studies
Director: - Dr. Kavita Laghate

Jamnalal Bajaj Institute of Management Studies is a department of management of University of Mumbai. Since 1965, it is involved in imparting the management education that is rooted in the Indian philosophy and ethos. The management is applicable not only to business but to all the sectors such as government, non government and non profit organizations also, hence the degree offered is Master in Management Studies. This thought was given by the founding Director Dr. Kalyan sunder Basu. Since last many years JBIMS is offering the programs that are relevant to the industry.

Master of Management Studies, MMS, MSc in Finance and Master of Human Resource Development are the fulltime two year’s programs offered by JBIMS.

The working executives also need to hone their skills while on job, JBIMS offers four different Programs in Specialization in Finance, Marketing, Human Resource Management and Information Management. The working executive programs are of 3 years duration (Six Semesters) and the classes are conducted every day in the evening from 6.30 P.M. to 9.30 P.M.

The fulltime program MMS is a flagship program that has given many entrepreneurs, CEO, CFO, CXOs for the Indian and global organizations. The 42 years old Part-time programs are also very popular among the executives with experience.

The newly started programs MSc Finance and MHRD are much focused programs that are serving the industry. The students come from a very competitive environment. They are subjected to a very rigorous learning process. The processes are created for the learning experiences that enhance the comprehension and applications

Salient features of M.Sc. Finance Course:

The MSc (Finance) course is designed to combine rigorous academic work with real-world relevance and practical application to ensure that content is intellectually demanding while being related to the practical world of finance. This programme provides a firm foundation in Finance, Financial Economics, and Empirical Finance. The MSc Finance is specifically designed to support career entry and development in the financial sectors, government agencies, and higher education. The programme provides a solid grounding in modern finance and economics with a particular emphasis on techniques and models and their application to real-world problems.

The Master of Management Studies (MMS)

The Master of Management Studies (MMS) is the flagship course of JBIMS and is being conducted by the Institute since 1965. The following are the salient features of the programme:

Course Structure: It is a two-year full-time post graduate degree programme in management studies. The programme is divided into four semesters. All the courses in the first two semesters are compulsory. In the third and the fourth semester, the students can choose one out of the following five specialisation areas:

- Financial Management
- Marketing Management
- Human Resources Management
- Operations and Supply Chain Management
- Digital Business and Systems Management

Seminar Papers

In each of the four semesters, the student is required to present two seminar papers. A seminar paper is a research paper in the form of a report, or a discussion of a topic chosen by the student. This academic writing assignment is expected to be well-written, analytical, organized, and well-researched as this reflects the students' knowledge of a certain course.

Summer Internship

The students of the MMS programme are required to undergo a two-month summer internship. At the end of the summer internship the students prepare a summer internship report. A viva is organised by the Institute to evaluate the summer internship report and the grades obtained by the students are included in the mark sheet of the third semester.

Dissertation

The students of the MMS programme are required to prepare a research-based dissertation. The students select a topic for the dissertation in the third semester and are assigned a faculty mentor. A viva is organised by the Institute to evaluate the dissertation and the grades obtained by the students are included in the mark sheet of the fourth semester.

Extra-Curricular Activities

Besides the regular curriculum, the students are also involved in co-curricular activities. The students of MMS programme take the lead in organising several activities. Three of the prominent events organised by them are: Strategym, Samanvay, and Prayag.

Strategym. This is a business convention organised by the students of the MMS programme. Several teams of students work under a faculty mentor to identify and develop innovative solutions to the problems faced by business. Ideas, innovations, and solutions, the three pillars of strategic decision making are at the heart of Strategym.

Samanvay. Students of management studies need to interact with representatives ‘various stakeholders to understand the issues facing industries. The industry leaders also need to interact with management students to apprise them of their expectations. Samanvay is an event organised by the students of the MMS programme to bring together students and industry leaders in a day-long event. Prayag. This is an inter-business school cultural competition organised by the students of the MMS programme. Students from business schools across the country participate in several cultural events held over a two-day period.

Admission Process

The basic intake capacity is 120 students; seats are reserved for various categories as per government norms. In addition to the basic intake capacity, the Institute also admits six students each from the following three categories: (1) NRI and PIO; (2) Foreign; and (3) Children of Workers in Gulf Countries.

The admission to the first-year MMS course is done through the Common Entrance Test (CET) conducted by the State Common Entrance Test Cell (CET Cell) under the Admission Regulatory Authority (ARA). A candidate is eligible to appear for the CET if he/she has completed a Bachelor’s Degree (minimum three-year duration) by any university recognised by the University Grants Commission (UGC) or Association of Indian Universities (AIU) in any discipline with at least 50% marks in aggregate or equivalent (at least 45% in case of candidates of backward class categories and persons with disability belonging to Maharashtra State only) or its equivalent; OR the candidate has or has appeared for the final year examination of any Bachelor’s degree to be awarded by any university recognised as above.

Student Progression

The students of MMS programme proceed for employment after finishing their course. To enable students in obtaining gainful employment, the Institute has established a streamlined placement process. This process is carried out by a placement committee comprising of students and supervised by a placement officer under the general guidance and superintendence of the Director of the Institute. The placement committee also helps the students in arranging their summer internship.

Alumni

The MMS programme has a strong alumni network. Some of our esteemed alumni include: Mr. Harish Manwani (Global Executive Advisor, Blackstone and Non-Executive Chairman, Hindustan Unilever Ltd.); Mr. Ajay Piramal (Chairman, Piramal Group); and Mr. Uday Kotak (Executive Vice Chairman and Managing Director, Kotak Group).

Salient features - MHRD:

Master in Human Resource Development (MHRD) is a two years full time program in Human Resource Development consisting of orientation and four semesters. The semesters are 4 month duration as per the University schedule. Each semester consists of eight courses and 2 seminar papers of 4 credits each. The course started in 2019 with a

commitment to create a new generation of HR professionals who can be the Change Leaders and Change Management Catalysts. The program is designed for aspirants with a strong desire to specialize in Human Resource Management. The program offers an extensive HR curriculum focused on developing HR leaders integrated with the Business as Partners.

Salient features of Part-time programs:-

The curriculum is same as the full time programs.

The participants are from different industries.

They all have experience of at least 2 years in executive or supervisory experience.

The learning in the class is supplemented by various activities. They have a team who organises variety of events for collaboration, learning, during their studies.

Life at JBIMS is very interesting as the professors are the practising managers who bring the business to class.

But after all, it is the student who makes it for himself or herself.

Salient features of Part time Masters Program:-

1. Three years Masters course equivalent to two years PG MMS course
 2. Two years full time MMS syllabus is well designed for over three years for working executives in Part time Masters Course.
 3. Classes are scheduled in evening so that working executives can attend the classes after their daily office hours.
 4. Application of case study, assignments, projects, presentations, self study method for effective learning.
 5. Flip class method for contemporary learning is used.
 6. Faculty members are most experienced and share experience their experiences in class room.
 7. LMS portal is exhaustively used for effective learning and interaction.
 8. Various committee s are formed for extracurricular and co-curricular activities which is driven by students.
 9. Guest lectures on regular intervals by industry luminaries.
 10. Effective channel of communication by high speed internet with experienced staff adds value for effective teaching learning.

UGC Human Resource Development Centre

Director: - Dr. K. Shanthi

UGC Human Resource Development Centre, (UGC HRDC), University of Mumbai is one of first few HRDCs established in the year 1987. UGC HRDC, University of Mumbai is popular in the country and well known for the quality of its training programmes. Since our HRDC is located in the heart of Mumbai, we get participants with widely varying backgrounds from all parts of the country and their coming together in our programs provide a unique opportunity for the exchange of ideas that result in their all-round development. We are also able to draw our resource persons from renowned institutions like TIFR, TISS, BARC, BSE, IIT and ICT and from other industries, government bodies, cultural centres, in addition to the faculty from the University departments and colleges. These unique features make our programmes attractive and widely appreciated by our teacher participants. We have so far conducted 140 OP and 377 Refresher Courses, Short Term and other courses benefiting around 21,500 stake holders of higher education.

UGC HRDC, University of Mumbai has been ranked 7th by NAAC amongst 66 HRDCs in the country and also rated as Performer. We are also ranked first amongst the HRDCs of the Western region i.e. Goa, Gujarat and Maharashtra. This was also recognized by the Government as we are the only HRDC in Maharashtra to receive grants from Rashtriya Uchchar Shiksha Abhiyan (RUSA) for training and for training infrastructure. Using RUSA grants we have so far conducted 79 programmes and created excellent infrastructural facilities like new smart class rooms, computer lab with 100 computers, seminar hall, library with books and e-resources in the new centre.

The main objectives of our HRDC are to enable the teachers:

- To understand the significance of education in general and higher education in particular in Indian and global contexts.
- To acquire and improve basic skills of teaching and also the use of ICT in teaching learning process.
- To be aware of the latest developments in their specific subject.
- To understand the link between education and economic, social and cultural development of the country.
- To develop skills for online teaching and reach out to students across the world overcoming the constraints of geography and time.
- To develop one's personality and creativity and become inspirational role models for the students.

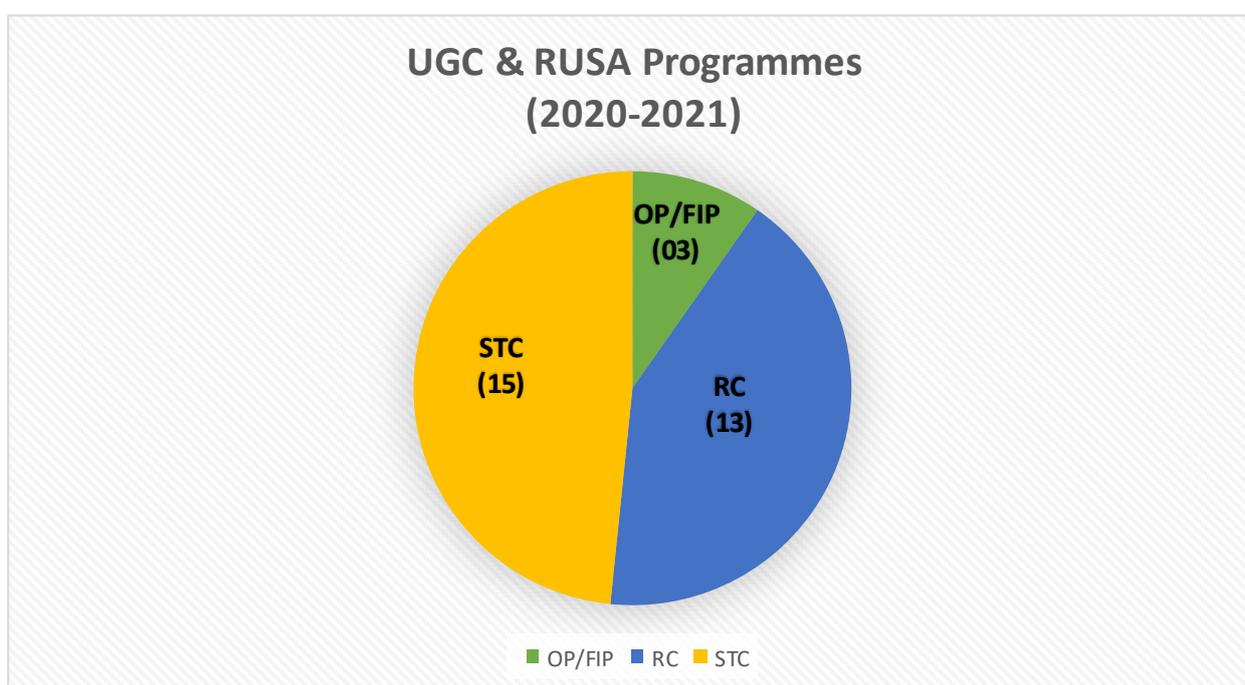

In the year 2020-2021, UGC HRDC, University of Mumbai has conducted 31 online training programmes (03 OP/FIP, 13 RC and 15 STC/ Other courses benefiting 1420 teachers and other stake holders of higher education, sponsored both by UGC and RUSA.

Keeping in mind the requirement of teachers, we have conducted Refresher courses in Sciences, Social Sciences, Arts and Humanities with topical themes like E-Learning and

E-Governance, Indian Languages, Data Analytics and Business Intelligence, Robotics and Internet of Things etc.

Our Short term courses and workshops are of two to 6 days duration in specialized areas for the professional development of senior faculty members. Some topical themes like Yoga and Wellness, Symmetry in Science and Engineering, Bioinformatics and Artificial Intelligence, Financial and Investment Planning etc. were conducted.

Other than above mentioned courses our UGC HRDC, University of Mumbai has conducted Online Capacity Building Programme for Senior Administrators, Online Capacity Building Programme on E-Content Creation and Online Teaching, Online Capacity Building Programme for Administrative Staff, Workshop on Training to use In script Keyboard for Unicode Marathi, exclusively for University of Mumbai teaching and non-teaching staff during lockdown.

Our efforts have been quite fruitful as we are getting regular feedback from our teacher participants on how they are able to implement some of the ideas that have been taught to them which resulted in transforming them into better teachers. This transformation is important because teachers are still central to the educational system, even in this era of easy availability of information to students through various ICT platforms.

Our vision is “To transform the teachers into inspirational role models for the young and inspirational students, who in turn will create just and equitable society that will be progressive and secular”.

WESTERN REGIONAL INSTRUMENTATION CENTRE

Western Regional Instrumentation Centre (WRIC), Mumbai is an autonomous institute and was established in the year 1977 as a part of UGC's comprehensive programme to promote instrumentation. It is fully funded by the University Grants Commission (UGC). WRIC has been functioning as a Registered Society with a Governing Council of which the Vice-Chancellor of the University of Mumbai is the ex-officio chairperson and which is now been recognized as a National Facility Centre in Instrumentation by UGC.

The major responsibilities of WRIC are to conduct various activities in the field of instrumentation in association with various colleges, universities, national research institutes and industries in the country.

Patent:

1. Worked for final hearing on 12th October 2020 of Patent Application No - 3719/MUM/2011, "INTEGRATED APPARATUS FOR EDUCATION OF SOLAR CELLS"

- Assembled and tested "Integrated Apparatus for Education of Solar Cell".

Microcontroller Development

Software Installed for Trainee Students of K.J. Somaiya College :

1.	Installation of Windows 10 on 3 PCs.
2.	Installed all software (Keil, ISP Prog.) of Micro-controller 8051, (Atmel studio5, extreme burner) of Atmega 32, (Arduino 1.8.8) of Arduino.
3.	Tested all three kits with Interface board.

Kit purchased for Training Programme :

1.	Different Modules IR, LDR, MQ6
2.	Accessories for Atmega32 & ARDUINO.

PCB Artwork Design and Testing

1.	Digital Clock circuit
2.	Frequency Counter circuit
3.	Single Decade counter circuit
4.	Fan Regulator

Training Programmes:-

WRIC conducted training programmes / workshops at different colleges, university departments and institutes. This has resulted into a strong interaction between WRIC and various academic institutes and industries that has benefited all.

During the training programmes we repaired electronic laboratory, electrical, analytical and optical (microscopes & others) instruments were repaired. The details are as follows:

Sr. No.	Title	Venue	Target Audience	Duration	No. of Participants	Instruments Repaired
1.	Workshop of Maintenance of analytical and Laboratory Instruments	National College, Bandra, Mumbai	Teachers Technicians	8 th -12 th Feb 2021	40	149

2.	Workshop of Maintenance of Laboratory Instruments	D.Y. Patil College of Pharmacy, Mumbai	Teachers Technicians	17 th - 20 th March 2021	25	150

Done preparation for forthcoming training program (organized by RUSA) by D& D Division of the Centre

- Content
- Flow of presentation
- Practicals to be conducted

Test and Calibration of Instruments

WRIC has various types of calibration standard equipment which is used for calibration of a variety of instruments from Educational Institutions, Government Organizations and Industries. For the report period, out of 66 instruments received for calibration, 62 instruments were calibrated and 4 instruments were returned to the users as they were beyond repairs.

Special Types of Instruments Calibrated

1.	Fluke 715 calibrator	2.	ACA Leakage tester
3.	G.P.Electronics calibrator	4.	RTD Calibrator
5.	Relay kit	6.	AC/DC Current probe
7.	Secondary kit	8.	5 KV Megger
9.	Handy calibrator Yokogawa	10.	Data logger calibrator
11.	Multifunction process calibrator	12.	Leak tester Machine
13.	Low Distortion Audio generator	14.	Temperature Gauge
15.	Digital pressure gauge	16.	Decade Resistance Box
17.	High voltage kit		

General Types of Instruments Calibrated:-

1.	Analog Earth Tester	2.	Function generator
3.	Digital Earth tester	4.	High Voltage kit
5.	DMM	6.	Temperature gauge
7.	Clamp meter		

Following Institutions / Industries availed our Test and Calibration Services :

1.	Venus safety & Health Pvt.Ltd	2.	Manthan Engineering works
3.	Hindustan Petroleum Corporation Ltd.	4.	KVAR Technologies Pvt. Ltd.
5.	M.G.Electronics	6.	Adis computer
7.	Power Engineers	8.	Creative Engineers
9.	Adrie Marine Electronics Solution Pvt. Ltd.	10.	Pristine Engineering Service Pvt.Ltd.
11.	Ravi Electronics	12.	Gabrial Electrical Pvt.Ltd.

Standard Equipment Calibrated at WRIC:-

Sr. No.	Name of Equipment	Model Number	Make	Calibrated by
1.	High Precision Decade Resistance Box	7400	Vaiseshika	Pramila
2.	High Stability Decade Resistance Box	8400	Vaiseshika	Pramila
3.	Digital Multimeter	87V	Fluke	Pramila
4.	GEGA OHM BOX	CERMET	Vaiseshika	Momin
5.	MEGA OHM BOX	CERMET	Vaiseshika	Momin

Visited on site for servicing and testing of 'Inward leakage test system of safety Masks' from Venus safety & Health P. Ltd.

- Replaced connectors
- Replaced filter in the system and changed design of circuit to match the result of new filter output.

Repairs and Maintenance of Instruments

WRIC offers its expertise in repairing and servicing of laboratory electronic, electrical, analytical and optical instruments to various colleges, institutions and universities in the country. During the report period, 20 instruments were repaired.

Optical and Glass-Blowing

WRIC offers its expertise in fabrication work and repairing / servicing of laboratory microscopes, other optical instruments of departments of University of Mumbai & Colleges. We repair these instruments at Training Programmes.

Library and Information Services

The total number of books in the library is now 4539. In addition to WRIC staff, the Library facilities were used by project students and others.

Internet connectivity has been setup and is being used by staff members and other users. This gives access to many full-text e-journals, other related documents, and need-based information about solar panel, solar cell, photovoltaic, solar simulator, electronic components, instruments, circuits, etc.

Visits:

Visited various Science and Engineering Colleges and Polytechnics to introduce WRIC training activities in 'Embedded Microcontrollers'.

Innovation, Incubation and Linkages

University of Mumbai has started a start-up incubation center, MU IDEAS Foundation to establish a start-up culture that encourages innovative ideas; transform novel concepts into practical industry solutions and viable businesses. It aims to promote the setting up of start-ups and support them during their pre-incubation, incorporation and operations phases to enable creation of successful businesses enhancing the overall economic health of the state and country, while generating large scale employment.

MU Ideas have organized awareness and training programmes to guide the entrepreneurs, faculty and students in operational aspects, legal aspects, intellectual property rights, patent related issues, business model creation and financial aspects.

MU Ideas launched its initiative of Startup Clubs in affiliated educational institutes. The Startup Clubs will promote and encourage innovative ideas at schools, colleges, and districts and hone our budding entrepreneurs to build the nation's next big unicorns. Each Startup Club will be a mini Incubation Center at institute level so it can be accessible to the faculty and students on a daily basis while having direct access to the MU Ideas and its resources. MU Ideas conducts regular sessions with these startup clubs to mentor the students and faculty on the business aspects.

So far, the center has shortlisted 10 start-ups for physical incubation support. Their mentoring and operations are going on in the University premises. To know more and to be part of the incubator please visit www.muideas.org or mail incubation@mu.ac.in.

2020-21	-	Currently, we have one running and active project, namely, Project Prithvi. Project Prithvi aims to reduce the consumption of plastic in everyday items and replace it with alternate eco-friendly and made in India products and materials. We also aim to popularize the idea of using such products and positively influence people to use eco-friendly and made in India products. For this, we have partnered with other organizations like Bamboo India and Shetastic Pvt. Ltd., who work on similar principles. Through Project Prithvi, we also ensure and help small farmers, MSME workers and other people on our project with employment opportunities.	-
		We are Enactus S.P.I.T., the student chapter of Enactus India at Bharatiya Vidya Bhavan's Sardar Patel Institute of Technology, Mumbai. We, at Enactus S.P.I.T., are a team of passionate students dedicated in developing a new generation of socially responsible leaders. We believe in having the perspective to see an opportunity and the talent to create value from that opportunity. We aspire to impact as many lives as we can and create sustainable growth for this world to prosper with opportunities for all. Through the community outreach projects undertaken by us, we impact, influence and bring about formidable changes in the society to empower & encourage those in need through our knowledge, experience and creativity that we build over time.	-

		<p>You might have heard of reusing and recycling plastic waste. But toothbrushes are never Considered a part of waste. They are rather dumped in the garbage, making it more difficult to find and reuse/recycle them. This contibutes to further production of plastic toothbrushes, increasing the volume of this harmful substance. We are promoting one hundred percent eco-friendly products ranging from daily use items (like bamboo tooth brushes & cotton masks) to decorative and artistic articles. By exchanging your plastic product to bamboo/cotton one, you would be contributing to our mission of reducing plastic and saving our environment. Looking forward to your participation in our initiative of saving our environment!! You can check out our Products on our website or contact us</p>

2020-21	-	The college follows outcome based education model and the learning objectives specified in the form of POs, PSOs and COs clearly reflect pertinent developmental needs at all levels. Courses such as Business Ethics and Corporate Social Responsibility and Foundation Course that form a part of many graduate programmes emphasize to character building and sensitizing learners towards various issues that form the social fabric and have local, regional, national and	-

	<p>global relevance. Besides the content forming the part of syllabus of the courses that are part of various degree programmes there are a number of certificate courses introduced that accentuate the need to mould the character of student-s thus creating responsible citizens. A number of courses that lay emphasis on being sensitive towards environmental concerns, gender issues, professional ethics, human values and life skills have also been introduced that have a direct relevance to the contemporary developmental issues. As part of the curricula projects are given to ensure that the students are exposed to development requirements with local up to global scope. In addition to the curriculum, various co-curricular and extracurricular activities are undertaken to sensitize students towards the real issues.</p>
